## LIBERALS TO MEET IN NELSON SEPT. 28

Preparations Being Made for Provincial Convention

Decision Made at Meeting of Executive

Vancouver, Sept. 6.—Members of the executive of the British Columbia Liberal Association, at a meeting held at headquarters last night which was attended by Premier Oliver, decided to hold the provincial Liberal convention at Nelson on September 28 and 29. The advisability of holding an early convention was the subject of some discussion in which the Premier, Kenneth Campbell, J. G. Tupper, A. K. McLean of Burnaby, Ian Mackenzie, M. P., John Reid, of New Westminster, and J. A. Campbell, president of the Vancouver and District Liberal Association, took part. The Premier referred to the problems which would come up at the next session of the Legislature, including the R. F. B. report, the formation of a board to settle disputes between municipalities and the British Columbia Electric Railway Company and taxation questions. The meeting reviewed the organization work of J. G. Tupper and satisfaction was expressed concerning the general outlook. Vancouver delegates to the convention will be selected at a meeting on September 15.

There will be a meeting of the Liberal Executive in the Association rooms on Friday night at 8 o'clock. All committees in charge of the recent picnic are asked to attend with their reports. The date will also be set for the holding of a general meeting of the Association for the purpose of electing delegates to attend the forthcoming convention to be held at Nelson. The local Association has been notified to send forty delegates to the convention and it is hoped that the full number will be able to go.

Arrangements will also be made to open the Fall season with a dance, something in the way of a novelty being proposed.

Ward Three Liberals. Liberals of Ward Three will hold their first ward meeting following the Summer session on Tuesday in the Liberal rooms.

Several matters of importance to the ward, including organization work for the Winter months, are discussed, and it is hoped that a large number will attend.

## WORK OF LEAGUE SUBJECT OF DEBATE

Programme for Session of Assembly Being Prepared

Question About Intervention in Asia Minor

Geneva, Sept. 6.—The Assembly of the League of Nations today selected as its six vice-presidents, Lord Balfour, Great Britain; Gabriel Hanotaux, France; Senor Gomez Fortuag, Spain; Amelino Gualandri, Italy; and Dr. Montchillo Ninichich, Yugoslavia. The six new vice-presidents, with six other members, will make up the steering committee to organize the business of the Assembly session under the rules, along with the president. The debate on the work of the League was reopened by Lord Robert Cecil, representing South Africa. He approved of the work of the Council during the past year, but expressed the fear that it was in danger of being overwhelmed by a mass of detail, leading public opinion to underrate the really important work. He asked why the League of Nations would not intervene between Turkey and Greece and halt the bloodshed in Asia Minor. The settlement of the Albanian, Andrian and Upper Silesian questions has reflected credit on the Council, Lord Robert continued, but he thought something might also have been done by the League to restore peace in Turkey and open the door for the restoration of relations between Russia and the outside world.

Disarmament. On the disarmament question, Lord Robert was not content that a reduction in armaments was possible soon because the necessary preparations had not been made, but a beginning was possible, and the Assembly could make it sooner or later, he declared. The League must really take on all the responsibilities placed upon it by the covenant. If the League risks nothing it would never accomplish anything, he said. If material disarmament was impossible now, added Lord Robert, it was nevertheless possible to obtain what he called "moral disarmament."

Sir Arthur Steel Maitland, of New Zealand, asked the League to investigate the situation in certain African mandated territory where he said slavery had been re-established. The settlement of the League of Nations today selected as its six vice-presidents, Lord Balfour, Great Britain; Gabriel Hanotaux, France; Senor Gomez Fortuag, Spain; Amelino Gualandri, Italy; and Dr. Montchillo Ninichich, Yugoslavia. ## FURTHER RAILWAY HEARINGS URGED

Shophmen Wish Board to Sit Again

Oppose Award; Murdoch to Answer Them

Ottawa, Sept. 6.—There will be no special meeting of the Federal Cabinet in regard to the case of the shophmen on Canadian railways, nor is any such meeting or action needed, according to Hon. James Murdoch, Minister of Labor. The Minister said he had met two members of the shophmen's organization yesterday morning but had given no promise of Cabinet consideration as he did not consider such a meeting necessary.

A telegram protesting against the report of the board of conciliation was received by Mr. Murdoch this morning from Charles Dickie, secretary Division No. 4, Railway Employers' Department, American Federation of Labor.

This telegram voiced "emphatic protest against the Department accepting this report from the board as they do not deal with the matter in dispute but confine themselves to a matter of a tentative agreement."

The telegram urges upon the Minister, "in an effort to maintain industrial peace on the railways, that you instruct the board to resume hearings and have the railways submit evidence to justify their claim why wages should be reduced, as they have not offered any evidence to justify this and, in justice to the men whom we represent we cannot be a party to accepting or even replying to this, a report upon such a vital issue, as it does not begin to deal with the matter in dispute."

"The statement of the minority member is substantially correct," the Minister stated that a reply to this would be sent by night letter to Mr. Dickie to-night. Mr. Murdoch replied to Mr. Dickie will probably be made public to-morrow.

The unfounded report that the Federal Cabinet would hold a special meeting to consider the railway arbitration award came from Montreal in a dispatch which said: "The Federal Cabinet, at a special meeting to-day, will consider the case of the railway shophmen on Canadian lines with reference to the findings of the conciliation board which has announced it is in favor of tentative wage cuts. The promise of Cabinet consideration was given yesterday by the Hon. James Murdoch, Minister of Labor, to R. J. Tallon, president of Division No. 4, Railway Employers' Department, American Federation of Labor, in an interview in Ottawa."

The majority report of the Board of Conciliation which investigated the differences between the Canadian National and Canadian Pacific, the Grand Trunk and other lines included in the Railway Association of Canada (Concluded on page 4.)

Loan Offered to Austria

London Bankers Ready to Advance £20,000,000

Five-year Moratorium for Austria Suggested

London, Sept. 6.—A group of London bankers has agreed to offer Austria a loan of between £20,000,000 and £30,000,000, according to The Daily Express. The loan, which would require the approval of the Reparations Commission, would be secured by Austria's import revenues and would be granted only on condition that Austria be given a moratorium of five years on her war indemnity payments.

Ontario Prohibition

Toronto, Sept. 6.—Characterizing as "a plain, unvarnished, malicious enthrallment" C. H. Ferguson's reported statement at Orlando that of late word had gone out to relax Ontario Temperance Act enforcement measures, Attorney-General Rankin gave an unqualified denial to the allegations of the Conservative leader.

Legal Fight on Seizure of Craft

British Trawler With Liquor Taken by Americans

Was Bound from Halifax to Havana

New York, Sept. 6.—Customs officials say they may have a legal fight on their hands in connection with the capture by a "dry navy" boat of the British-built trawler Gamma with a cargo of liquor. The Gamma's captain has produced his ship's papers, which he said he had lost, and while the revenue authorities declared they had clear justification for the seizure because the Gamma refused to stop until three shots, only one of them a blank, had been fired across her bow, the captain, whose name was given as Joyce, pointed to his clearance papers for a voyage from Halifax to Havana as proof of the legitimacy of his mission.

Widow of Former French Minister Killed Herself

Chamonix, France, Sept. 6.—Madame Marcel Sembat committed suicide here to-day following the sudden death yesterday of her husband, the millionaire Socialist deputy and former Minister of Public Works.

## MONTREAL MEN AND BRITISH M.P.'S SEE WINNIPEG

Winnipeg, Sept. 6.—Touring members of the Montreal Board of Trade and their overseas guests, who are in Winnipeg to-day, set out from their hotel at 10 o'clock this morning in motor cars and occupied the forenoon in an inspection of points of interest.

The travelers were guests of the City of Winnipeg at luncheon.

Question of Votes at Conference

Municipal Unemployment Delegates Heard at Montreal

Proceedings May End Without Voting

Ottawa, Sept. 6.—(Canadian Press).—Municipal representatives returned to the charge at this morning's session of the National Conference on Unemployment. Yesterday the conference decided, after some deliberation, that municipal representatives should be permitted to take part in the discussion but not to vote.

Following yesterday's sitting of the conference, the municipal representatives met under the auspices of the Union of Canadian Municipalities and unanimously passed a resolution affirming their "inherent and logical right to represent their findings on the subject of unemployment in the form of resolutions or recommendations to the conference and vote upon them with representatives of other public bodies concerned on terms commensurate with the responsibilities of all parties to the conference."

One Vote a Province.

The resolution provided further "that for such purpose the representatives of the municipalities accredited to the conference be accorded one vote for each of the provinces of the Dominion."

The resolution was submitted to the conference to-day by Mayor Adams, of Calgary, and the conference, still to deal with it although James Murdoch, Minister of Labor and chairman of the conference, observed that as it was unlikely that there would be any voting, the right of vote was not of great consequence.

The Outlook. Subsequently, under yesterday's resolution, municipal representatives from the provinces submitted their views. They urged that Western municipalities were likely to be faced with a serious situation in the coming winter, and that the must be full co-operation between the Federal, Provincial and municipal authorities. There was objection to the continuance of debates, but as debates were necessary, the whole matter would not be done by the municipalities.

R. Rigg, Director of Unemployment Services for the Dominion, submitted reports showing improvement in the employment situation since the beginning of the year.

Conditions Were Subjects of Reports

Ottawa, Sept. 6.—(Canadian Press).—This morning's proceedings of the National Conference on Unemployment opened with a statement by R. Rigg, Director of Employment Services for the Dominion. Reports received from 6,300 employers, he said, showed that during July the volume of employment went up two per cent. On July 31 these employers had 769,306 persons on their payrolls, an increase of 15,533 from July 1. Of whom 154,533 were actively engaged in work. There was a marked improvement in the employment situation, according to the reports, since the opening of the present year, an improvement covering fifteen points.

Reports from 1,541 labor organizations showed an aggregate membership of 12,432 showed a slight improvement in employment during July. Trade union reports showed a continuous increase in employment from the beginning of the present year. The curve of employment as reflected in trade union reports was only three points lower than the highest point.

Reports Read. Mr. Rigg submitted reports on the different provinces. In New Brunswick there were 1,200 unemployed in Nova Scotia, not including striking miners; in New Brunswick there were 1,900.

In Quebec Province, Montreal reported on July 1 and 824 on Sept. 1; the Quebec City number, not stated was estimated at a few hundred; Sherbrooke, very little unemployed, about 500; Three Rivers almost normal.

In Ontario unemployment was limited to those handicapped by age and those suffering from disabilities. Orders for farm help, bushmen and railway construction work far exceeded the supply.

Present indications pointed to a serious unemployment situation in the large centres next winter, but difficult to handle during the past two winters.

In Manitoba, Winnipeg reported that the present situation was such as to lead to the conviction that there would be little unemployment next winter.

Alberta reported that there should be no unemployment among single men during the coming winter although there might possibly be unemployed married men in the cities. The shipment of 4,300 harvesters from British Columbia has practically

## TWENTY-FIVE BODIES RECOVERED

Tragic Scenes at Coal Mine in England

Forty Men Entombed When Explosion Occurred

Whitehaven, Eng., Sept. 6.—Twenty-five bodies had been recovered to-day from the coal pit in which forty men were entombed by an explosion yesterday.

Heavy falls of rock and the presence of much gas are hampering the rescue squads and it is feared the pit will have to be sealed, as was the case when 136 workers were lost in a neighboring mine in 1910.

Tragic scenes are being enacted at the pithead where the women relatives of the entombed miners are gathered.

Mine Rescuers Advance Slowly

California Workers May Need Five Days More

No Relief Yet for Men in Argonaut Pit

Jackson, Cal., Sept. 6.—High hopes have been dashed almost to despair again in the fight to rescue the forty-seven entombed Argonaut miners. After breaking through sixty feet of hard greenstone formation in an effort to circle a closed drift on the 3,500-foot level, rescue workers have emerged into the main drift again only to find their way still blocked. It may be five days before the men can be reached.

Indications are that the 253 feet of drift which mine officials had expected to find open is closed throughout its length. If so, every foot of the way will have to be shovelled out and the rescue crew broke through into the main drift last evening.

RECONSTRUCTION PLAN IN FRANCE

Use of German Materials Is Discussed

French Committee Considers Agreement With Germany

Paris, Sept. 6.—An agreement for the restoration of France's war devastated regions, utilizing chiefly German materials, came up for consideration to-day before the special Government committee charged with consideration of deliveries of merchandise by Germany.

The plan has been under negotiation at a series of conferences between Hugo Stinnes, German industrial magnate, and Senator Delubert, president of the Federation of Co-operative Societies of the French Liberated Regions, representing 130,000 persons with war losses aggregating more than 15,000,000 francs.

Diaries Found in Northern Area

Explorers Knudsen and Tessen Lost Lives Northern Siberia

Christiania, Norway, Sept. 6.—The Petrograd Geological Committee has informed the Norwegian Foreign Office that the bodies of Knudsen and Tessen, two members of the Amundsen-North Pole Expedition, who were lost during the explorations in the winter of 1919.

At Pagan River.

London, Sept. 6.—A dispatch to The Times from Christiania quotes the Petrograd Geological Committee's representatives as reporting from Dickson Island on August 17 that the bodies of Knudsen and Tessen, with their diaries and other belongings, were discovered on the banks of the Pagan River.

Last December a radio dispatch from Moscow told of the finding by the Bergiteff expedition of the bodies of Knudsen and Tessen "near the mouth of the Jenisey," which was taken to refer to the Yenisei River, which rises in Northern Mongolia, flows northward through Siberia and empties into the Arctic Ocean.

Capt. M. McLennan Died in Vancouver

Vancouver, Sept. 6.—Captain Murdoch McLennan, eighty-one, one of Vancouver's oldest pioneers, died to-day. He was a native of Nova Scotia and came here in 1878. He is survived by his widow, three sons and one daughter. All the sons are sea captains.

## CYCLOPS ARE PENALIZED

Prosecutions Here Carried to Conclusion

Cases Brought Under B. C. Medical Act

For the second time in recent years the police courts have ruled that none may practise medicine in this Province without registration and examination. Four cycloproctors were charged on remand in the city police court to-day with unlawfully practising medicine for hire without being registered as required by the Medical Act. Each were fined \$50 with the option of one month in jail.

In passing sentence, Magistrate Jay referred to the argument of the defence counsel, J. W. de B. Farrie, K.C., and Capt. Ian Mackenzie, who had held that by virtue of recent amendments the cycloproctors were not under theegis of the Medical Act at all and could practice where they qualified. Section 42 of the Medical Act was still in force, held the court, whereby all who wished to practise medicine must be registered first. Registration, arrived at after examination, could have been effected as in this case the machinery for such was afforded but not utilized.

The fact that the advertisements called for 1000 entrance fee to the projected examination, if unlawful, was open to remedy in other courts. Magistrate Jay then stated that he would treat all cases as first offences. Elizabeth Dwight, Robert Collier, Thomas Mercer and Frederick Eilers, the accused, were then fined.

News of the appointment of General Tricoups as Commander-in-Chief was received with marked enthusiasm.

It is officially announced that all the army corps in the southern group have effected a juncture.

Constantinople, Sept. 6.—While the Turks are hastening to press their advantage over the Greeks in their drive toward Smyrna, the latter are pushing reinforcements to the scene and if General Tricoups can restore the morale of his troops, the Kemalists may yet be brought to a standstill, it is believed here.

GERMANY'S PAYROLL  
SHOWS INCREASEWages of Civil Servants  
Raised Thirty Per Cent.

Berlin, Sept. 6.—Germany's civil service payroll for September will show an increase of 100,000,000 marks over August in consequence of negotiations between officials and employees held at the Ministry of Finance. A thirty per cent raise in wages was decided upon, due to the increased cost of living.

The index figure on the cost of living throughout Germany rose to 40.9 per cent in August as compared with 32 in July.

RAIN NEEDED IN  
NORTHERN B. C.Only Prolonged Downpours  
Will End Forest Fire  
Menace

Prince Rupert, Sept. 6.—Only prolonged and heavy rains will eliminate the forest fire menace in Northern British Columbia. E. C. Manning, district forester, reported on his return from the fire area yesterday afternoon. "So prolonged has been the summer's drought that fires have burned deeply into the ground, and the light rains which have fallen during the last few weeks have failed to extinguish them.

REPORT ON CROPS  
OF ROUMANIA

Ottawa, Sept. 6.—According to a cablegram received from the International Institute of Agriculture, the production of wheat in Roumania is 77,181,000 bushels, against 78,575,000 last year; oats, 75,784,000, against 66,360,000; rye, 7,574,000, against 9,080,000; barley, 97,268,000, against 50,450,000.

FARMER'S WIFE  
REGAINS HEALTHGives Credit to Lydia E.  
Pinkham's Vegetable  
Compound

Fork River, Manitoba.—"I saw in the newspapers where Lydia E. Pinkham's Vegetable Compound was doing so much good to women, and as I needed something I began to take it. I used to be very sick but I am not now. I live on a farm in the home district and we have to do all our own work. I tell all the women I see what Lydia E. Pinkham's Vegetable Compound does for me. I think it saves me from going to a doctor and is the best medicine women can take."

Mrs. Wm. Coulas, Fork River, Manitoba. Lydia E. Pinkham's Vegetable Compound is a medicine for the ailments peculiar to women. It is prepared from medicinal plants, with care and accuracy. It can be taken by women of any age.

Women make a serious mistake in allowing themselves to become so weak and nervous that it is well-nigh impossible for them to attend to their necessary household duties.

Such symptoms as pains and irregularities, all gone feelings, backache, headache, hot flashes, nervousness with a general run-down condition, indicate some form of female trouble.

The Vegetable Compound has brought relief to thousands of women suffering from such ailments. Let it help you.

TORONTO RAILWAY  
PROBLEM SETTLEDElectric Radial Lines Given  
Harbor Front Entrance

Toronto, Sept. 6.—After an all-night session and many previous sessions extending over a week, the Toronto City Council this morning passed the agreement giving entrance to hydro-electric radial railways on the harbor front property. The vote was 18 to 8 in favor of the agreement.

The debate on the question was of record length. It started on August 29 and was continued from day to day except on Sunday and Labor Day, until the final session this morning. The sessions frequently extended far into the night. The net time of the debate was forty-three hours.

DEATH SENTENCES  
FOR FIFTY-FIVERulings by Courts in South  
Russia

Moscow, Sept. 6.—Fifty-five persons have been sentenced to death in South Russia upon conviction of counter-revolutionary activities, the newspaper Pravda announces.

The Ukrainian court at Kiev sentenced forty-eight members of Petlura's Cossack band, which in connection with General Tutsyn's forces arose against the Ukrainian Soviets. All the convicted persons appealed.

A Simferopol, Nikolai Bobenko, a young officer who under an assumed name proclaimed himself the Czar of Russia several months ago, was sentenced to death together with six followers, while Mme. Bobenko and seven others were sentenced to prison.

Windsor, Ont., Sept. 6.—Romance with orange blossoms around her neck and telltale rice still in her hair, ran counter to brass-buttoned reality at the Windsor ferry dock last night when two bridal parties were arrested as they were about to drive on the boat.

The quartette were youthful, being Rupert Blackburn, 19, and his bride, Ethel May Blackburn, also 19, and Mr. and Mrs. Vance Linn, 22 and 18 respectively. They said it was the first trouble they had had in a wonderful double elopement.

The two couples ran away from their homes in Clay, Kentucky, and were married Saturday.

They were taken to Detroit, where the two men were held as fugitives and the girls were detained pending word from the Kentucky authorities.

The letter warned Randolph to keep out of white men's movements and to unite with his own race.

New York, Sept. 6.—A package containing a human left hand, evidently that of a white man, and a letter signed "K. K. K." threatening murder, was received yesterday by Phillip A. Randolph, editor of a negro monthly magazine, The Messenger.

The package, which bore a mark from a friend in New Orleans, was opened by the police.

The letter warned Randolph to keep out of white men's movements and to unite with his own race.

Ottawa, Sept. 6.—The commercial production of apples in Canada in 1921 was 4,048,813 barrels, of a value of \$29,896,649, according to information collected by the Federal Bureau of Statistics. In the previous year the commercial production of apples was 3,404,340 barrels, valued at \$29,845,142.

INDIAN BRAVES WOOD  
NOTED WRITERMadge MacBeth Shows How  
Native Marriages Are  
MadeNoted Canadian Authors  
Gather Around Camp Fire  
in B.C. Mountains

By a Staff Correspondent.  
Lake Windermere, B.C., Sept. 6.—Up at Toby Lodge, the mountain retreat of John Murray Gibson of Montreal, looking down on beautiful Lake Windermere and the town and with pretty Faith Murray Gibson and her two children in the background, a group of noted Canadian authors gathered in camp fire session.

They came as the guest of Mr. and Mrs. Gibson Murray in his capacity as president of the Canadian Authors' Association. After a motor ride from the C. P. R. camp on the lake and climbing the last part of the journey on foot, poets, novelists and short story writers and even publicity men showed a keen capacity for the repast under the trees until a passing shower drove them all carrying big trays of food and drinks to the shelter of the artistic lodge.

Afterwards, however, they took their places on the circle of logs around the fire, while a battery of moving pictures and camera men did their worst.

Bliss Carman with his flowing locks, who crossed the continent for the affair, was taken in every possible pose and from every angle. They even "got" him gazing poetically from higher altitudes at a mountain eagle swooping playfully in the air currents. After that the poet photographed copies of his latest work, a verse tribute to David Thompson, the explorer of the Canadian West, and the man who first traced the Columbia River down from its source in this lake.

Madge MacBeth, of Toronto, whose name is known to the readers of Canadian magazines, came to the affair in riding breeches, having ridden on horse back over the hills. The night before she was the heroine of an entertainment to show how an Indian wedding is carried on. Dressed in Indian costume and wearing a wig of plaited hair and adorned with gay beads, Madge MacBeth deceived the white people, who were not in on her role, when she parted the flaps of her tepee and stepped forth.

"She's a born actress and just as clever as she can be," Judge Howay, of New Westminster, the authority on British Columbia history, whispered to those at his side.

The Hon. J. H. King, Minister of Public Works for Canada, and Mrs. King, and his political aides, William J. McKee and Fred Buckham, of Golden with their wives, were deceived into thinking she was at least a breed girl.

A dashing young Indian brave in all his feathers and war paint and bright trappings and with bells jingling at his knees came to the tepee and paraded up and down for a few minutes showing himself off to the best advantage.

She watched him from between the canvas flaps, but he did not suit the Indian maiden's fancy for she finally gave her answer by slowly shaking her head.

This gave the chance for another brave to apply, but he also failed to come up to requirements and was turned down. A third suitor met a similar fate.

The fourth appeared. She looked him over intently and with increasing manifestation of pleasure. She kept him prancing before her longer than any of the others. Then she nodded her head, came out of the tepee, gave him both her hands and was escorted off in the shadows to his tepee. That is all there is to Indian wooing and marrying.

Julia Henshaw, of Banff and Vancouver, appeared in her jacket made of buckskin, laced and made waterproof and soft by being placed in smoke and chewed by squaws.

Lady Margaret Boscowan, the literary sister of Baron Byng of Vimy, and Senator and Mrs. Bostock and Miss Bostock were much interested in the Henshaw jacket which has been the author's protection for twenty years during her rides in the wilds in search of inspiration.

The movie men kept their cameras trained on Lady Margaret until they had caught her in almost every attitude and finally in animated conversation with Mr. and Mrs. Murray Gibson and Mr. Proctor, of Calgary.

Professor W. T. Allison, of Manitoba University, the literary critic of The Victoria Times, attended to get in personal communion with the persons about whose work he writes every week. Mrs. Allison came West with him.

Isobel Ecclestone McKay spent her time between photographic spells in animated conversation.

Herbert Cuthbert, secretary of the Pacific Northwest Tourist Association of British Columbia, Washington and Oregon, was right at home with the noted writers, explaining the importance of their work in bringing this part of America and its authors to the notice of the world.

Others in the party included B. R. Atkins, of Revelstoke, and Dr. Mark E. Wade, of Kamloops, both chroniclers of past incidents in British Columbia's history; Professor S. P. Bemis, of Walla Walla College; Mr. Chalmers, of Vancouver, the magazine man, and Mrs. Chalmers; Col. J. S. Dennis, of Montreal; J. Forsyth, of Victoria, librarian and archivist of British Columbia; Charlotte Gordon, of Toronto Saturday Night; Professor T. H. Hill, noted authority on the pleistocene period; Randolph Bruce, F.R.G.S.; Mrs. McKee, author of the novel, "Janet of the Footenays"; Professor Malcolm Wallace, of the University of Toronto; James Thompson, of the Hudson's Bay Company, who came all the way from New York; Dr. Cora J. Beas of Minneapolis; Mr. and Mrs. Charles Carter, of New York; Mr. and Mrs. C. W. F. Nichols, of Chicago; Mr. and Mrs. William Pearce, of Calgary; and Mrs. Reeves, of Calgary.

AUSTRALIAN BOARD  
CONTROLS WIRELESS

London, Sept. 6.—Premier William Hughes of Australia, a Reuter dispatch from Melbourne says, has appointed a seventh member of the Commonwealth Wireless Board, on which the Government and the Amalgamated Wireless Company were originally represented by three and four directors, respectively. The outcry against the wireless company controlling the majority on the board led to the resignation of one of the company's nominees and it was this vacancy which Premier Hughes filled.

If It Is Suggested That You Have Your  
Fall Costumes  
Fitted Over a New  
Corset

The present vogue of draped effects loses much of its gracefulness unless madame's figure is first brought into fashionable line by a gently persuasive corset, and many women who have gone uncorseted will appreciate the advantage of wearing one with this season's fashions. The new models are very supple, a part of good health as well as good dressing.

We have a complete stock of the following lines:

Nemo Corsets ..... \$3.50 to \$10.00  
D. & A. Corsets ..... \$1.25 to \$6.50  
Gossard Corsets ..... \$3.50 to \$10.00  
Madame Lyra Corsets \$7.50 to \$16.50  
American Lady Corsets \$2.50 to \$7.50

We Offer You an Excellent  
Corset Service

Our Corset Section at all times presents the very latest corset models.

Graduate and competent corsetiers will help in the selection and adjustment of the desired corset.

Private Fitting Rooms

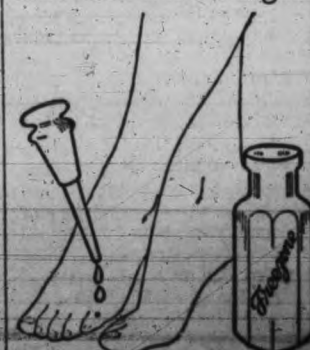

NO ORDER UNSEATS  
MOOSE JAW M.P.

Moose Jaw, Sept. 6.—Mr. Justice Embury and Mr. Justice MacKenzie, after argument yesterday on the application for the unseating of R. M. Johnson, Progressive M. P. for Moose Jaw, unanimously decided that they had no jurisdiction as justices of the Court of King's Bench to decide Federal election petitions. In their judgments both justices pointed out that the Supreme Court had been abolished by an act of the Saskatchewan Legislature and that the Court of King's Bench had been substituted.

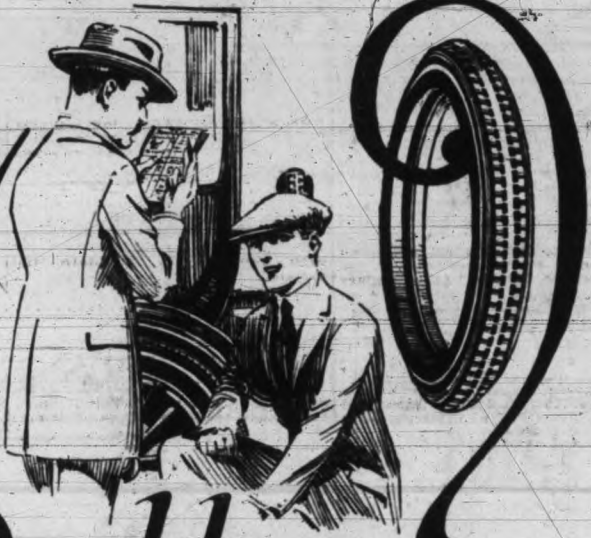

The Legislature had conferred as much power on the Court of King's Bench as lay within its prerogative, but the judges did not believe the Legislature was empowered to confer jurisdiction in the hearing of Federal election appeals upon the Court of King's Bench.

## CORN

Lift Off with Fingers

Doesn't hurt a bit. Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you hit it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes and the callus, without surgery or irritation.

How many  
Miles  
Do you get  
for a Dollar?That's the way to judge tires—by their  
mileage per dollar!Do you know, or just guess, what tires are  
costing you?It increases the pleasure of motoring to  
know that your DOMINION TIRES are  
giving you more mileage than you have  
ever gotten before.When you buy tires on a business basis and  
figure tire cost—not by the original price,  
but by mileage per dollar—then

## Dominion Tires

are the most economical tires you can put on any car

DOMINION TIRES will give you the lowest mileage cost.  
DOMINION TIRES will save you unnecessary repairs.  
DOMINION TIRES will give you more motoring pleasure.  
And DOMINION TIRES will give you that feeling of confidence that comes only with tires of tried quality and proven mileage.

The largest dealers in Canada have built up  
a successful business on DOMINION TIRES

## WHY A CONVENTION?

Political conventions are usually productive of good results if only for the reason that a full and frank discussion of many matters of interest and concern to the party involved can be undertaken by a completely representative gathering. But we doubt very much whether there is either time or necessity for the Liberal Party in this Province to meet before the opening of the Legislature in the late Fall. Last night's decision of the executive of the Provincial Association must have come as a surprise to the Cabinet as it will have done to many Liberals throughout the Province. Little more than three weeks are left in which to appoint delegates and to transact the very necessary interchange of views that would seem to be a fundamental requirement of a successful convention.

No decision has yet been reached in connection with the next meeting of the Legislature. As long as it shall meet before the third day of December the requirements of the Constitution will have been complied with. But we take it for granted that the Government would prefer to complete the session before the Christmas holidays in order that an adjournment and the consequent additional expense and inconvenience might be avoided. In that case it goes without saying that there would not be sufficient time to crystallize such recommendations to the Legislature as might be decided upon by the convention before an opening date that would permit its business to be finished before Christmas. On this account particularly, and equally for the reason that we fail to appreciate the necessity for an official gathering of the party at this stage, the executive of the Provincial Association might well reconsider its decision and wait until some time early next year.

Whatever may transpire between now and the time suggested for the convention it ought to be patent to every supporter of the Government that the reports upon the Pacific Great Eastern Railway and consideration of the future of the line must be left to the Legislature. The time has arrived when the representatives of the people—respective of political affiliation—must tackle this problem as it stands and decide upon a programme that will safeguard the interests of the Province as a whole. Everybody knows its history and is heartily sick of hearing about it. What is wanted now is a remedy for its plight. That cannot be found at any party convention. It should be lifted clear of all political atmosphere and discussed in accordance with its relative importance—that of a liability which represents an investment of more than \$40,000,000.

## OUR SALMON.

Year in and year out warnings have been issued by the Provincial Commissioner of Fisheries in respect of the fast diminishing salmon of British Columbia. Two or three commissions, national and international, have been told that unless some agreement shall be reached between this country and our neighbor to the South the sockeye run to the Fraser will be merely a matter of historical record. Canada has shown her readiness to take the warnings and do what is necessary to prevent the dissipation of one of our most valuable food resources. Her signature has been appended to two international treaties; but on each occasion the United States Senate has been prevailed upon by interests in the State of Washington and ratification has been withheld. Such mutual arrangements as have been entered into by joint initiative on both sides of the line have postponed the evil day; they have not been sufficiently

embracing or stringent to assure anything approaching preservation of the run.

At yesterday's sitting of the Dominion Commission that is now taking evidence in Victoria Mr. Babcock—who represented Mr. Sloan in his capacity as assistant to the Provincial Commissioner—put the whole case in a nutshell when he said:

Fewer fish must be caught. More must escape to the spawning grounds.

This suggestion was not advanced as a new or novel remedy. It has been used as the essence of oft-repeated warnings that have gone from this Province to Ottawa and through Ottawa to Washington. It was used before the International Commission when it came to British Columbia four years ago. But nothing has been done and the effect of inaction—for which Canada cannot be held responsible—is reflected in the insignificant salmon pack of the last two years. Mr. Babcock suggests that Canada and the United States possess themselves of all the plants dependent upon the Fraser, close them up and, in after years, when the run shall have been restored, decide how many plants, and at how many points, shall be permitted to catch fish. In other words work a horse without rest and he will die. Feed him and treat him properly and he will give average service.

## ALLIES PREPARING.

Although there seems to be some hope that a new commander-in-chief and a general reorganization of the Greek Army may bring about a change of fortune for the troops of King Constantine it seems to be fairly well established that Turkish successes have been by no means overestimated. So seriously does the situation present itself to the Allied Governments that there is no intention to run risks by awaiting developments before landing forces sufficient to protect their respective nationals in the territory involved. It does not follow that their employment in an active sense will be necessary; at the same time if the aspirations of the Kemalists are permitted to run riot trouble will be sure to follow. In the meantime every effort will no doubt be put forth by Britain and France to effect an armistice and stave off possible serious eventualities.

## ALLOTMENT GARDENS.

Great Britain could scarcely expect to become anything like self-supporting in the matter of food. The war demonstrated her helpless condition as soon as it became apparent that German submarines intended to emphasize her insularity. But the war also did a great deal for urban Britain and what is well known on the other side as the allotment system of gardens. Nearly one and a quarter millions of land allotments are now under cultivation in England and Wales alone as compared with half a million before the war. In addition to these returns the Department recounts the fact that there are now no fewer than fifty thousand new applications for allotments. One unique feature about this system of raising produce is that it enables many Londoners to grow their own green foods. How practical this has become is illustrated by the announcement that an exhibition is to be held in the Guildhall for stuff grown within a radius of fifteen miles of Charing Cross—London's hub. That the movement will be developed while living cost remains at its present scale goes without saying. Once established its continuance is fairly simple.

## NOTE AND COMMENT

It is safe to say that the Government of this Province will get all kinds of proposals in respect of the P. G. E. before the next session of the Legislature takes place.

Little news from Ireland seems to have found its way to this country during the last few days. Can it be that the irregulars are getting tired of what must be a hopeless campaign?

Once more does it seem likely that the wily Turk will be in a fairly favorable position to play

off Islam against any possible interference with his schemes by Great Britain.

If there is anybody living with an idea that the Fraser River's storehouse of salmon is inexhaustible, a glimpse at the statistics given to the Commission yesterday by the Provincial Commissioner will dissipate it.

Now the news comes from New York that the Victoria bureau in Seattle scores over other places because it has a convincing argument and makes good on it. Apart from the stupidity of the suggestion of "knocking" Vancouver it merely requires to concern itself with its own business to get results.

## Other People's Views

Letters addressed to the Editor and intended for publication must be short and to the point. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication of anonymous articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

## FORESTERS' PARADE

To the Editor—Allow me to correct an error in your report re parade and to give credit where credit is due, by informing you that eighty per cent of the juvenile Foresters in parade on foot and on boat were part of the 252 membership of Court Liberty, Juvenile branch of Courts North and South.

W. F. FULLERTON  
Secretary, Court Liberty, Juvenile A.O.F.

## A GENERAL STRIKE.

To the Editor—Discussing a general strike in the United States, a Washington dispatch says: "The membership of the American Federation of Labor according to the most reliable figures, is 4,000,000." Support we see how "reliable" the figures are. At the forty-second annual convention of the A. F. L. held in Cincinnati, Ohio, June 12 to 24, this year, the following occurs in the actual report of the convention: "The report on membership, which was given at 3,105,651, showed a decrease of \$10,892." Let a solitary simple-minded person think that even the above number of workers could be ordered out on a sympathy strike, deduct a half million miners who have just returned to work, and many thousands of shopmen who returned during the first week of the strike. Deduct 15,000 members of the Teamsters' Brotherhood, who have shown no sympathy for the strikers from the start, and still less since the strikers have foolishly done to death a number of their members. It might be safe to deduct 400,000 members of the maintenance of way employees who have thus far resisted attempts at reduction, in spite of the fact that they are receiving far lower wages than the strikers are offered. This union, by the way, seems to have a near approach to a real leader in the person of Mr. Graham. Deduct the Telegraphers' Union, without which strikes could neither be ordered nor controlled, nor gunmen dispatched to various points. Deduct the tramway men, a majority of whom are on strike and their place long ago filled and others waiting. What have we left? The Garment Workers' Union, 175,000, most of us have bought all the apparel we can afford for two years, carpenters, barbers, milkmen, etc. Most of the remainder are getting less pay than the strikers are offered, and are not likely to be stampeded. It is doubtful if the A.F.L. could order out a half million workers, and there are still two million unemployed. Finally, the membership quoted included members in Canada. WALTER POSTER.

## OAK BAY PARK.

To the Editor—I read an article in a recent issue of The Times concerning a by-law for the acquisition of Oak Bay Park should this by-law pass. I think this would be a very good stroke of business for the B. C. Electric Railway Company, and a very poor stroke of business for the taxpayers of Oak Bay and municipality. Looking at this from a business point of view the Oak Bay Municipality is receiving \$1,000 a year taxes from the park, the present expenses, and which is \$1,000 a year they will not receive should they purchase the park. Now, this will have to pay one 1/2 mill on the dollar for that \$1,000 in reality will be \$2,000 against the taxpayers and one 1/2 mill on the \$2,000 yearly payment, and probably another 1 mill on the dollar for improvements will make a total of 2 1/2 mills on the dollar instead of one 1/2 mill as stated by Reeve Drake. I also notice an advertisement: Oak Bay Municipality Tax Sale, September 8, 1922, the day before the taxpayers of Oak Bay Municipality are asked to vote \$10,000 to purchase the Oak Bay Park from the B. C. Electric Railway Company. Now, surely if the taxpayers of Oak Bay Municipality cannot pay the present rate of taxes they will find it very hard to pay an extra 2 mills on the dollar in the future years. If I were asked I would suggest (while I know the B. C. Electric is not a charitable organization) that the B. C. E. R. stretch a point and make a present of the park to the Oak Bay Municipality, and perhaps if they were approached by the officials of the Oak Bay Municipality they might make a present of it or let it go at the next tax sale, and this would be a much cheaper way than paying \$10,000 for it under present conditions.

HENRY HOLT,  
3080 Cedar Hill Road.

## THOMAS SCHOFIELD COMMITTED SUICIDE, SAYS INQUEST JURY

"Suicide while temporarily deranged," was the verdict given at the inquest on the body of Pte. Thomas Schofield, who was shot through the head on Signal Hill on Monday. Coroner Hart conducted the inquest, and the following jurymen acted: Edward

Ord, foreman, George Heather, W. Angus, J. B. Stewart, W. E. Hobson and W. Shand. Evidence brought before the inquest which led to the verdict. The following appeared as witnesses: Col. W. K. Henderson, medical officer at Work Point Barracks; Sergeant F. T. Christie, Canadian Ordnance Corps; Gunner James Weir, R. C. G. A.; Gunner Harry Bannister, R. C. G. A.; Gunner Timothy Harrington, R. C. G. A.; Gunner Sergeant T. Morley; and Gunner D. Ross, R. C. G. A.

## FUNERAL TUESDAY OF JOSHUA KINGHAM

Impressive Scenes at Burial of Much-respected Leading Citizen

An unusually large congregation, including many personal friends as well as representatives of the many public and semi-public bodies with which he was associated, gathered in the Church of Our Lord, Humboldt Street yesterday afternoon at 2 o'clock for the solemn service over the remains of the late Joshua Kingham who passed to his rest on Saturday last. The Rev. A. de B. Owen officiated at the service which included the two hymns, "O Paradise, O Paradise" and "Abide With Me." Those present at the obsequies to pay a last tribute to a popular and highly-respected citizen included large delegations from the Benevolent Society, the Chamber of Commerce and the Pacific Club. There were nearly sixty members of the Rotary Club attending. The floral tributes were exceptionally beautiful and numerous and were sent by a host of personal friends and business associates. Directors of the Chamber of Commerce, with the work of which Mr. Kingham was so closely associated, attended in a body. Among the directors present were: J. O. Cameron, vice-president; James Beatty, president; Henry C. Hall, K.C.; Alderman A. E. Todd, C. T. Crooks, Birk-General T. P. Clark, Stephen Jones, George McGregor and E. W. McMullen. A large delegation of Elks, led by Exalted Ruler Kenneth Ferguson, attended to perform services at the graveside, as Mr. Kingham was the first Exalted Ruler of the Victoria Lodge and a Past Leading Knight of the Grand Lodge of Canada.

Others present included: Mr. Justice Gallihur, Aldermen Joseph Patrick, R. W. Perry, Reginald Hayward and E. S. Woodward, John Cochran, John Reid, Colonel Lightbody, J. F. Scott, F. Elworthy, Norman Yarrow, F. Landsberg, A. D. Macfarlane, J. B. Clear, M. P., Darrell, and Patrick Sehl, H. P. Johnson, Sidney Child, Wendell B. Shaw, J. C. M. Keith, G. A. Fraser, P. B. Gibbs, E. C. Hayward, Edgar Pawcett, W. E. Nachtriv, W. B. Terry, Vincent Martin, Wilfred Gibson, Clifford Denham, L. Edwards, F. Brady, Judge Lammiman, Dr. Lewis Hall, H. Goulding, Wilson, Alex. Feden, J. B. Hardie, T. J. Goodlake, Justin Gibb.

Chief Justice Macdonald, Administrator of British Columbia, and Hon. John Hart, Minister of Finance, represented the Province.

Large numbers of members of the Rotary Club, of which Mr. Kingham was for many years a prominent member, attended, and among the wireless was a large and beautiful one in the form of a Rotary Wheel.

The remains were laid at rest in the family plot in Ross Bay Cemetery, the following acting as pallbearers: Messrs. J. W. Playfair, H. J. Scott, B. C. Nicholas, P. B. Scurrah, W. B. Graham and J. D. O'Connell. The funeral service was held in the hands of the B. C. Funeral Co.

Excursions from the east carried approximately 33,900. This left Manitoba requiring at least \$400 more. Harvesters. An order for that number was bulletined through the eastern employment offices and the railroads granted the same rates for these as other harvesters. It would appear, however, that the east had been well drained by the railroad excursions as the employment offices had only succeeded in getting 16.

From United States. "On account of the inability to meet the needs of the West," added Mr. Rigg, "after every other possible resource had been exhausted, we were reluctantly compelled to advise the Department of Immigration that we were unable to secure the necessary harvest laborers, and that in our judgment importations from the United States were necessary."

Municipalities' Votes. Mayor Adams of Calgary submitted a resolution passed by the municipal representatives at a meeting yesterday, persisting in their attitude to have the right to participate in the conference and to vote. "We wish," said Mayor Adams, "if we have to deal with unemployment, that we should, as a matter of principle, have the right to have some say and vote thereon."

The resolution proposed, however, that the municipalities should have one vote for each province.

Hon. James Murdoch, Minister of Labor, observed that it was unlikely there would be any voting in the conference. Calgary's Problems. Mayor Adams expressed the view that Calgary was going to be met with a grave situation in regard to unemployment in the coming winter. Doles were bad, but when municipalities could not carry on extensive public works to meet the situation what was to be done? "In meeting the problem this winter, we must have the co-operation

Excursions from the east carried approximately 33,900. This left Manitoba requiring at least \$400 more. Harvesters. An order for that number was bulletined through the eastern employment offices and the railroads granted the same rates for these as other harvesters. It would appear, however, that the east had been well drained by the railroad excursions as the employment offices had only succeeded in getting 16.

From United States. "On account of the inability to meet the needs of the West," added Mr. Rigg, "after every other possible resource had been exhausted, we were reluctantly compelled to advise the Department of Immigration that we were unable to secure the necessary harvest laborers, and that in our judgment importations from the United States were necessary."

Municipalities' Votes. Mayor Adams of Calgary submitted a resolution passed by the municipal representatives at a meeting yesterday, persisting in their attitude to have the right to participate in the conference and to vote. "We wish," said Mayor Adams, "if we have to deal with unemployment, that we should, as a matter of principle, have the right to have some say and vote thereon."

The resolution proposed, however, that the municipalities should have one vote for each province.

Hon. James Murdoch, Minister of Labor, observed that it was unlikely there would be any voting in the conference.

Calgary's Problems. Mayor Adams expressed the view that Calgary was going to be met with a grave situation in regard to unemployment in the coming winter. Doles were bad, but when municipalities could not carry on extensive public works to meet the situation what was to be done? "In meeting the problem this winter, we must have the co-operation

of the Federal and Provincial Governments.

Unusual Methods.

Mayor Duggan of Edmonton said the abnormal conditions would have to be met with abnormal methods. Some avenue of employment should be opened up.

"If we are faced with doles this winter," said Mayor Duggan, "we want some assurance from the Federal Government that we are going to have its co-operation. We have had a vague suspicion that when winter comes the burden will be placed upon the authorities."

Mayor Hardie of Lethbridge argued that the Federal Government should take care of unemployment among returned men. The Provincial Government also had their responsibilities in regard to unemployment.

Excursions from the east carried approximately 33,900. This left Manitoba requiring at least \$400 more. Harvesters. An order for that number was bulletined through the eastern employment offices and the railroads granted the same rates for these as other harvesters. ### STORK KEPT V.O.N.

### NURSES VERY BUSY

### Nineteen Maternity Cases Attended in August

The activity of the stork in August led to the necessity for the Victorian Order of Nurses to engage an extra nurse to cope with the situation, nineteen maternity cases having been attended by the Order during the past month, according to the report presented at the monthly meeting of the Board yesterday.

The total number of cases dealt with was 128, necessitating 177 visits. The number of infant welfare cases was 64, pre-natal visits numbered 43, social service visits 70, Metropolitan Insurance visits 305, and free-nursing 537. The four baby clinics which the nurses had attended had meant the examination of 55 babies.

The following is a list of donations received during the month, for which the committee expressed their warm thanks:

Vegetables from Mrs. Brandon, Mrs. Chapman, Mrs. Hartley, Mrs. Strangman, Mrs. Wilson, Mrs. Green; fruit and vegetables from Dr. Price, Dr. Jones, Dr. Inglis, fruit and clothing, Mrs. G. Wilson, Mrs. Rennie, Mrs. Farr, Mrs. Newell, Mrs. Deane; marmalade, Mrs. Barker; home-made bread, A. Friend; jelly, A. Friend; a rubber ring, Miss Jones.

Mrs. Ross Sutherland, the president, was in the chair, and during the afternoon the members listened with interest to a talk on the Community Chest scheme by Col. Lorne Ross.

Mrs. B. C. Nicholas left for Toronto last night.

Mrs. Kingham and Miss Agnes Kingham left on this afternoon's boat for a short visit to Seattle.

Miss May Foster has returned home after spending two weeks with friends in Vancouver.

Mrs. C. H. Dickie, M. P. of Duncan, is in town on business and is a guest at the U. N. Club.

Mrs. John Horne-Payne, of Vancouver, has been the guest of friends in Victoria for the week end.

Mrs. W. H. Harte is entertaining Mrs. F. McGraw, Vancouver, at her summer cottage, "El Nido," Cadboro Bay.

Mrs. and Mrs. Roger Monteith and Miss Betty Monteith have returned from Cowichan where they have been visiting with friends.

Mrs. Rutian and family, of Wilmet Place, who have been spending the summer at their cottage at Brentwood, have returned home.

Mrs. J. R. Green and family, Rockland Avenue, have returned from a two months' visit with her parents in Ontario.

Among the many, Summer residents of Brentwood who have returned to Victoria are Mr. and Mrs. Miller, Redfern Street.

Mrs. Ross Wilson entertained about forty of his former friends at a most delightful dance last evening at his home on St. Charles Street.

Mrs. Thomas Pooley has returned from a short trip to Vancouver and yesterday afternoon at the tea hour for his home in London, England.

Mrs. Frank Patterson, of Victoria, who has been attending the Summer in the East, is expected to reach Vancouver on Wednesday.

Mrs. H. F. Tate and Mr. George Brown, of London, Ontario, directors of the Huron and Erie Loan Company, who are on a tour of inspection are guests at the Empress Hotel.

Mrs. and Mrs. F. W. Hartley of Monterey Avenue, who have been the guests of Mr. and Mrs. Hutchison at Westholme, returned to Victoria yesterday.

Dr. and Mrs. Denton Holmes have left on a motor trip in Washington and Oregon. They expect to be back in the city in the early part of next week.

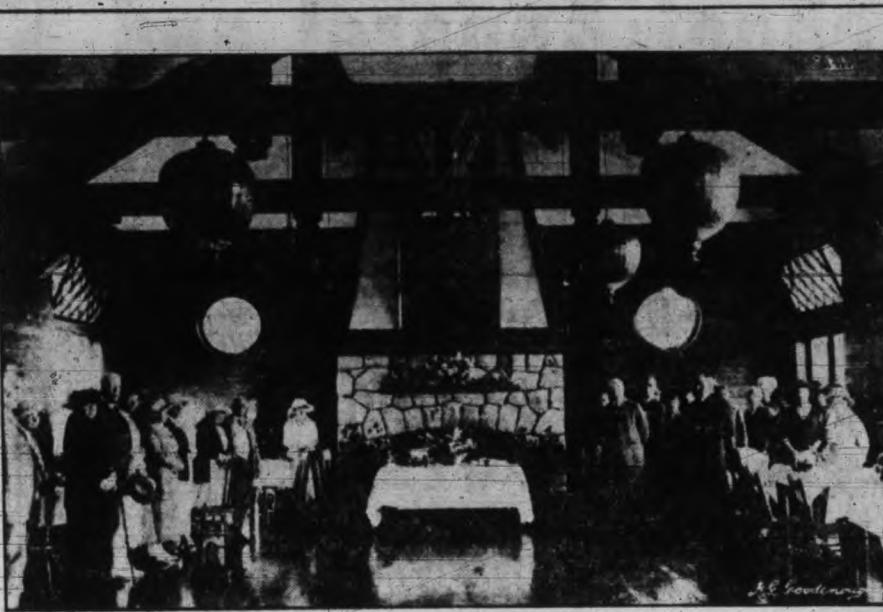

Dr. and Mrs. W. P. Walker, of Catherine Street, Oak Bay, have returned to town after holidaying at their summer cottage, "Bradley Dyne," Saanich.

Miss Nora Ross, of Victoria, and her sister, Miss Mildred Ross, of Vancouver, have returned home after an extended visit to White Horse, Atlin, and other northern points.

Mrs. Phipps has been visiting Mrs. Ledcor, who has returned from Vancouver, and on Tuesday last was the guest of honor at a tea given by Mrs. C. S. Phipps, of New Westminster.

The argument stated with the soup, progressed during the fish, swelled visibly when the joint came, until, at last, husband and wife were so thoroughly indignant that they could continue no longer. "I don't know what would happen, Paul, if you were agreed with me on every subject," she finally said plaintively. "I'd be wrong," he said. "I'd be wrong."

## Unveiling of President's Portrait at Colwood Golf Club

The above picture shows the scene in the main lounge at the Colwood Golf Club on Monday following the unveiling by the Official Administrator, Chief Justice Macdonald, of the portrait of the president, Mr. J. A. Sayward, which has been presented to the Club by the members.

Photo by Goodenough

The Women's Auxiliary to the Provincial Royal Jubilee Hospital is making an earnest appeal for gifts of potted plants for the corridors and wards of the hospital.

The recent "plant shower" brought in a number of beautiful plants, but in a building of the size of the hospital, many more are needed to bring a little joy into the life of the sick and suffering. Only those who have been confined to a bed of sickness for any length of time can appreciate the pleasure imparted by the sight of a growing plant or a bouquet of flowers, and the ladies feel confident that their appeal will not be in vain.

Progressive Plans

In this latter branch of the centre's work, Mrs. Lucas has arranged a progressive programme. The formation of Little Mothers' Leagues in the schools provide a medium through which the nurses will give lectures on personal hygiene and the care of a baby. Mrs. Lucas herself will give a series of lectures to mothers on first aid and home nursing during the coming winter, and in other ways plans to make the centre of the fullest possible value in promoting the public welfare of the district which it serves.

Graduate of Guy's

Mrs. Lucas is a graduate of Guy's Hospital, the well-known institution of London, England, and her experience has been wide and varied. She has been twelve years in Canada, and prior to her appointment to the Saanich Centre was acting as field organizer for British Columbia in the public health nursing service of the Red Cross, her work taking her into the scattered communities, although her headquarters were in Vancouver.

Mrs. Lucas was in England in 1914-15, and did a year's war nursing and organized work for the St. John's V.A.D. Subsequently she took charge of the health nursing service of the Red Cross, where she was awarded a war service medal, a decoration which she prizes very highly.

Cottage Hospital Idea

Although it is only four weeks since Mrs. Lucas assumed charge of the Saanich Health Centre, her up-to-date and progressive ideas are evidencing themselves in various innovations. For the first time in the history of the centre, four cases have been admitted for nursing care, including one adult and three children varying in age from two and a half to ten years.

Child's Cot Wanted

To the Times yesterday Mrs. Lucas emphasized that cases will only be taken on the recommendation of a medical man and in conjunction with school and public health nursing work. One interesting case concerned a little boy of nearly three years of age. Affected with rickets, he was very badly bow-legged. After examination at the clinic he was operated upon at the Jubilee Hospital in accordance with medical advice, and the process of straightening the little limbs will be continued by means of careful nursing at the centre.

In reply to a question as to whether the introduction of the cottage hospital system would militate against the clinical and public health work of the centre, Mrs. Lucas emphatically stated that unless the success of the present experiment warranted the expansion of the present staff, no cases would be admitted that could not be efficiently handled by the present nursing force without detriment to the fundamental public health and school nursing service.

Canadian Beauties

TO COMPETE WITH AMERICAN BELLES

Atlantic City, N. J., Sept. 6. (Canadian Press)—Beauty features the Atlantic City pageant which opened to-day. Fifty-seven cities including Montreal and Toronto have sent their fairest to contest for prizes in the national beauty show contest which features the three-days of festivities. The beauties will be judged in bathing suits, afternoon dress and under the spotlights before the footlights and on the stage. Grace, poise, form and facial features will be considered by the judges.

Attends Master Class—Mrs. Douglas Macdonald has returned after attending the Summer at the Master Class of Sergei Klbanksky, the distinguished New York vocal teacher. In writing to Mrs. Macdonald, Mr. Klbanksky says: "Mrs. Macdonald possesses a charming soprano voice of fine quality and range which she uses with great artistry. I feel Mrs. Macdonald can take part in her students a great many of my ideas and I am glad to recommend her." While in Seattle Mrs. Macdonald sang in recital for Mr. Klbanksky and received very favorable comments. Mrs. Macdonald will accept a limited number of pupils.

Beauty Unsurpassed

The wonderfully refined, rendered, brings back the appearance of youth. Results are instant. Highly antiseptic. Exerts a potent soothing action. Over 75 years in use. Send 15c for Trial Size.

## Some staggering constipation facts; Know how Kellogg's Bran can help you!

Ninety out of every one hundred people suffer with constipation! Constipation is the direct cause of breakdown in old age, lowered vitality and ninety per cent of illness! The constipation that nearly every case of constipation is traceable to neglect in answering nature's call! In a few years the sufferer has "latent constipation"—the most dangerous form of all! Toxic poisons penetrate the intestine walls, polluting the blood, which in turn poisons and affects every organ in the body. Nearly every case of diabetes and Bright's disease can be traced to constipation or intestinal poisoning, as can most rheumatism, headache, brain fog, hardening of arteries and other organic diseases. Pills and cathartics can never afford you permanent relief. What you need is nature's most wonderful roughage—

BRAN—Kellogg's Bran, cooked and krumbed—and delicious in flavor and edibility! Bran will permanently relieve constipation when taken regularly—at least two tablespoonsful daily, in severe cases, with every meal. Your doctor will endorse Kellogg's Bran for constipation!

Kellogg's Bran sweeps, cleans and purifies the eliminative tract as nothing else can—and, being a nature food, it creates no habit. Bran's work is a revelation!

Serve Kellogg's Bran to the entire family as a cereal, with other cereals or in countless appetizing ways such as in muffins, pancakes, raisin bread, etc. Recipes on every package.

All grocers sell Kellogg's Bran, cooked and krumbed, in the "WAXTITE" package. P. S.—Kellogg's Bran, eaten regularly, will clear up a pimply complexion.

IF WINTER COMES

by A. S. M. HUTCHINSON

INSTALMENT NO. 48

Copyrighted—Published by arrangement with British & Colonial Press, Ltd.

Twynning spoke his first words since his entry. "Well, there we are, old man." He smiled and breathed strongly through his nose as if venting himself against some emergency that might arise.

Sabre said, "Yes, well done, Twynning. Of course he promised you this long ago."

"Yes, didn't he? Glad you remember my telling you. Of course it won't make the least difference to you, old man. What I mean is, if anything I hope he'll be able to give you a—"

"Right, old man. Come along, Harold. At the door he turned and said, 'Oh, by the way, I want you to show Harold through the work of this side of the business a bit later on.'"

Sabre looked quickly at him. "You want me to?"

Twynning flushed darkly. "Well, he may as well get the hang of the whole business, mayn't he? That's what I mean."

"Oh, certainly he should. I quite agree. Send him along any time you like."

"Thanks awfully, old man."

But outside the door Twynning added to himself: "You thought that was an order, my lord; and you didn't like it. Pretty soon you won't think. You'll know."

Sabre remained standing at his desk. He had a tiny ball of paper in his hand and he rolled it round between his finger and thumb, round and round and round.

"You have struck your tent and are upon the march."

He thought, "This has been coming a long time. It's my way of looking at things has done this. I'm getting so I've got nowhere to turn. It's no good pretending I don't feel this I feel in most faithfully. I've let down the books. They'll take a back place in the business now. Twynning's always been jealous of them. Fortune's never really liked my success with them. They'll begin interfering with the books now. It was only behind my back. Plotted against me or they wouldn't have sprung it on me like that. That shows what it's going to be like. It's all through my way of looking at things. I've no one here I can take things to. This frightful feeling of being alone in the place. And it's going to be worse. And nowhere to get out of it. More empty at home. And now there's this. And I've got to go back to that. You have struck your tent and are upon the march."

He suddenly recollected Nona's letter. He took it from his pocket and opened it. And the second event was discharged upon him.

She wrote from their town house: "Marko, take me away—Nona."

His emotions leapt to her with most terrible violence. He felt his heart leap against his breast as though engine of his tumult. It would burst its bonds and to her. He struck his hand upon the desk. He said aloud: "Yes! Yes! He remembered his words. 'If ever you feel you can't bear it, tell me—Tell me.'"

He began to write plans to her. He would come to London to-morrow. She should come to the station if she could; if not, he would beat the Great Western Hotel. She would telephone to him there and they could arrange to meet and discuss what they should do. He would like to go away with her directly they met, but there were other things to see to. He wrote, "But I can only take you."

His pen stopped. Familiar words! He repeated them to himself, and their conclusion and their circumstance appeared and stood, as with a sword, across the passage of his thoughts. "But I can only take you downwards. I cannot lead you upwards."

## SOCIAL LEGISLATION

### OF SOUTH AFRICA

## WAS DESCRIBED

Women's Canadian Club  
Heard Mrs. McMurray  
Yesterday

"Sunny South Africa" was the subject of an interesting address given before the Women's Canadian Club at the Empress Hotel yesterday afternoon by Mrs. Annie McMurray, of Bloemfontein, holder of a traveling scholarship for child welfare and social service granted by the South African Government. The address was illustrated by a number of interesting views of principal cities and beautiful public buildings in the Union.

After describing the area and physical features of South Africa, the climate and its vagaries, and the disposition of the white and colored races, Mrs. McMurray reviewed the social legislation carried out in recent years under the Union. She described at some length the working of the Child Protection Act, under which came the juvenile courts, and also sketched the provisions of the several acts directed to the protection of working mothers during maternity and a mothers' pension scheme. Public health and child welfare measures taken in South Africa were also touched upon by the speaker in interesting fashion.

Mrs. C. C. Spofford, vice-president, presided in the absence of Mrs. J. C. F. Hyndman, who is representative of the club at the annual meeting of the Federation of Canadian Clubs in Hamilton, Ont., this morning.

The personnel of the committee, elected from the floor, included Mrs. W. A. Gallier, Mrs. R. R. Taylor, Mrs. C. W. Bradshaw, Mrs. Margaret Jenkins and Mrs. H. W. Graves.

The soloist of the afternoon was Mr. James Sherwood Dobbs, a brilliant student of the Cornish School of Music, Seattle, and a former pupil of Mrs. Nasmith, who accompanied him at the piano.

## FEELS NEED OF

### CLUB PREMISES

## Overseas Club Ambitious With

### Ever-increasing Membership

At the meeting of the Overseas Club yesterday afternoon some time was given to the consideration of the need for a central permanent headquarters which would combine the features of a rendezvous for local members and a hostel for young men and women of British birth coming to the city as strangers. The president, Admiral Sir Edmund Pears, advocated some such project, but it was the general consensus of opinion that the financing of such a scheme would be a difficulty, as at present all funds raised locally through the organization are forwarded to the London headquarters, and any local expenditure could only be made through the medium of an extra assessment. The matter will be fully discussed at the next meeting.

It was decided that hereafter the club will hold its sessions the first Monday, instead of the first Tuesday of the month. The next meeting, therefore, will be on Monday, October 4. The generosity of the Hudson's Bay Company in granting the use of their private dining-room for the club meetings is much appreciated.

Four new members joined yesterday, bringing the roster up to about one hundred, with the following officers: President, Admiral Sir Edmund Pears; vice-president, Dr. Harper; secretary, Mrs. Lamborn; treasurer, J. K. Stansfeld.

An attractive musical programme was given by Mrs. Hanson, pianist, and J. G. Brown, vocalist.

**G. T. R. EARNINGS.**  
—Montreal, Sept. 6.—Traffic earnings of the Grand Trunk Railway for the ten days ended August 31, 1922, compared with the same period in 1921, were: 1921, \$3,490,363; 1922, \$3,118,819. Decrease, \$371,544.

## C. H. TODD PRESENTS

### CANNERY VIEWPOINT

Declares Plants Must Close If  
Sockeye Embargo Lifted

At the morning session of the Dominion Parliamentary Commission investigating the British Columbia fisheries at the City Hall yesterday, evidence as to conditions in the salmon industry was given by C. H. Todd, of J. H. Todd & Sons Ltd., cannery operators, interested in Victoria, Fraser River, and Skeena canneries, supplied chiefly by traps.

"We have been in business since 1882 and are, I believe, the largest firm on this line. What we are interested in is the future of the business. We have felt apprehension in the falling off of the supply of salmon."

He believed a majority of the fishermen were not in favor of the use of motor boats, as giving them greater freedom of operation and undue clustering of boats where fish abounded. This particularly applied to the Skeena fisheries.

Mr. Todd pointed out that motor boats greatly increased operating costs, and thereby either the operators must get more fish and so clean up the resource years earlier or else must get a greater price for fish and make the cost prohibitive.

"What do you suggest as a conserving measure?" asked Chairman Duff. Mr. Todd praised Hon. Mr. Sloan's memorandum as "a very able paper" and urged co-operation with the American Government.

"If forswear the time when American plants on Puget Sound would abandon operation, being only able to operate on a large production."

"We shall then have a very nice little industry on the Fraser River. I do not favor wiping out the Fraser fishing as some suggest," he said.

**Opinion on Hatcheries.**  
Mr. Todd advocated continued experimenting with hatcheries, being unable to see why artificially hatched fry should not return when put into waters customary to the stock.

Mr. Todd objected to boats from other districts invading estuaries, "the result is that none of the fishermen make any money," there are too many boats in the business," he said. "We don't blame the fishermen for wanting a big price. The question is, would they get as good a price from Americans if there were no canneries in Canada?" declared Mr. Todd, who said the American buyers only came over for Canadian fish when their plants were short of material, while in times of plenty they did nothing to aid Canadian fishermen secure a good price.

Asked by Mr. Martell as to his attitude towards an embargo against exportation of fresh salmon, Mr. Todd expressed his opinion as "with reason, Canadian raw material should be made up within our own boundaries." Mr. Martell objected to embargo as being directed against the small poor man in favor of capital invested in cannery machinery and business.

**Fish and Lumber.**  
C. H. Dickie interjected, "Mr. Todd's attitude towards fish is similar to lumber, it should be regarded as raw material the making up of which employs Canadians." Mr. Martell replied, "Nothing of the sort, lumber is a Provincial matter," when Mr. Dickie pointed out he was discussing a principle of economics.

"On the Oriental question I don't see why the fishing business is singled out. Here in British Columbia are other interests working the year around and are worse offenders," asserted Mr. Todd, pointing out that in bad weather or poor fishing times the Indians tied up, not having the necessary force of character.

Citing Rivers Inlet production, the high mark this year was set by white men, but average production was overwhelmingly held by Orientals, with an average per boat of 1,200 sockeye salmon, white men averaging 800 fish per boat and Indians bringing in 700 only.

Mr. Todd greatly interested the Commission by the statement that in the Rivers Inlet estuary his plants last year put up only 10,000 cases of sockeye, this being the only real revenue producing fish, the returns from other types not being profitable either to canners or fishermen.

"As far as you are concerned, you would not ask for an embargo on the export of Spring salmon?" asked Mr. McQuarrie, and Mr. Todd agreed "we export that fish ourselves."

Embargo questions from many quarters being fired at the witness, Mr. Todd remarked, "what would happen if the embargo on sockeye was lifted would be the shutting up of fifty or seventy-five per cent. of the plants. But then the question arises, What would come of all the people employed?"

Chairman Duff said, "My observation is, a large percentage of the employees in the canneries is Oriental, would it not be an exaggeration to this aspect to eliminate these Orientals?"

Mr. Todd demurred, "There are many trained white men, employed more of the year, such as engineers, foremen, metal men and experts, as compared to the temporary work given Orientals. If you want to eliminate Orientals from British Columbia, there are also lumbering and other industries to survive."

Chairman Duff said he was referring to the sockeye embargo, results accruing an abandonment upon the number of employees, and possibility of avoiding hardship to Canadians.

**Says Japanese Efficient.**  
Asked by Mr. McQuarrie if too large a proportion of licenses had not been issued to Japanese, Mr. Todd replied, "I don't think there is a large proportion," but admitted that these men were the most efficient workers and their elimination would be the loss of the industry. "I would be assured more thoroughly by eliminating also the Indians and the white men," he drily remarked.

Mr. Todd made an appeal for consideration of the need for revenues by Canada, pointing out that capital was the source of employment and created taxable wealth. "I am not making a political speech, but I must say a more careful expenditure of taxes would be welcome," said the witness, refusing to be drawn into a discussion with Commissioner McQuarrie.

Commissioner Neill asked Mr. Todd's opinion as to statements made at previous hearings up the coast, to the effect that fish was wasted, Japanese fished by illegal methods and equipment, and the advisability of an embargo on export of fish in view of the practice having been common among the canneries. These Mr. Todd met with intimated refusal, saying he was not Mr. Neill the admission that some of the evidence was not upon oath and compared statements advanced by the commissioner with others alleging two and three hundred per cent. cannery profits, presumably made by witnesses at the same hearings, and based on guesses and estimates.

## CHARGES TOO MANY

### FISHING LICENSES

## HAVE BEEN ISSUED

J. L. Beckwith Fears Effect of  
Many Seiners on Salmon  
Future

Before the Fisheries Commission yesterday afternoon at the City Hall J. L. Beckwith explained conditions at Clayoquot where a single cannery has operated since 1885.

In 1919, to aid returning soldiers, the Fisheries Department made special arrangements, with five purse seiners in operation in the strait, all being disastrous ventures, causing excessive fishing. "I think it is poor policy of the Department, when desiring to conserve the sockeye, so to encourage excessive fishing," said Mr. Beckwith, admitting the bulk of the fish taken had been sold to his cannery.

"You think the issuance of licenses in this district should be restricted, there are too many operating?" asked Mr. Duff. Mr. Beckwith agreed, "I do," and when asked whether the independent men should not have the license privileges protested, "in view of the treatment the cannery has in the industry, the cannery should have the license."

**Business Life at Risk.**  
"Why should you have the licenses when the fish taken must be sold to your cannery?" asked the chairman, Mr. Beckwith replying, "because we would go out of business otherwise, for most of the six month fishing season our men are employed on taking the unprofitable fish."

Mr. Beckwith criticized the Fisheries Department for unexpectedly closing the fishing season early as in 1920 when men newly in the business with large investments in purse seines and boats, were given no chance to make their money.

Mr. Motherwell pointed out the difficulty of giving advance notice when the fish run proved smaller than anticipated, and low stream conditions did not permit of early seeding of the upper reaches of the rivers.

Mr. Beckwith suggested that excessive issuance of sealing licenses would be disastrous. "Many licenses results in competition for heavy production," he recalled from his experience.

"Do you think it fair that any persons should receive an exclusive right to exploit a natural asset?" asked Commissioner Martell.

Mr. Beckwith replied "under certain conditions yes, under others no," and recalled the conditions prevailing when his plant at Clayoquot was founded in a wild uncivilized territory with only a monthly steamer connection with civilization. "I think the exclusive franchise was justified then and under those conditions," he said.

Mr. Beckwith favored the embargo on sockeye salmon as it looks like poor business to let such an asset out of the country with no return. Chairman Duff compared prairie exports there are millions of bushels of wheat sent out in unmanufactured condition," he said.

Mr. Beckwith admitted this but was only interested in the condition prevailing in the salmon industry.

**That Embargo.**  
"Is it not a fact that all this salmon export being hauled about is caught outside the three mile limit and cannot be controlled anyway?" asked Mr. Neill, but Mr. Beckwith disagreed, saying that to be Canadian fish, Mr. Martell asked, "Don't you think our fishermen should be permitted to sell his fish to the highest market? Does not competition result in increased prices?"

Mr. Beckwith agreed to both, but urged that local canneries would increase were the inducement given them to exist and so provide a better market by building up home industries.

"You do not want the Canadian Government to put an embargo on your exportation of canned fish, why should you desire an embargo against the fishermen selling their fish to foreign buyers and getting a higher price?" asked Mr. Martell. Mr. Beckwith denied the connection, asserting the fishermen secured a good price for all their catch.

"Are you a member of the B. C. Cannery Association, have you attended any of their meetings, you are aware that the association has agreed on a universal scale of so much per fish?" demanded Mr. Martell, while Mr. Beckwith denied the interpretation placed upon these matters.

**Too Much Cutting.**  
"The canners cut and cut, one upon the other, until there is nothing in the business, and anything in way of conservation to our such practices is to be welcomed," he explained.

From the embargo standpoint, is there any reason why the fishermen should be prohibited from selling his product to a market of 110,000,000 people instead of Canada's 8,000,000 and the fishermen asked, "I am not making a political speech, but I must say a more careful expenditure of taxes would be welcome," said the witness, refusing to be drawn into a discussion with Commissioner McQuarrie.

Commissioner Neill asked Mr. Todd's opinion as to statements made at previous hearings up the coast, to the effect that fish was wasted, Japanese fished by illegal methods and equipment, and the advisability of an embargo on export of fish in view of the practice having been common among the canneries. These Mr. Todd met with intimated refusal, saying he was not Mr. Neill the admission that some of the evidence was not upon oath and compared statements advanced by the commissioner with others alleging two and three hundred per cent. cannery profits, presumably made by witnesses at the same hearings, and based on guesses and estimates.

## TORONTO AUDIENCE

### HEARD LORD SHAW

Toronto, Sept. 6.—Lord Shaw of Dunfermline, one of the Lords of Appeal of the Privy Council, addressing the Canadian Club here yesterday, emphasized the need of immigrants for Canada and advised Canadians not to be too particular as to the people admitted to this country from Europe. "Do not shut the door and leave the worst," he advised. "All that you or any Dominion can demand is that a fair, honest average be the aim, and you will be a great people in the great enterprise, the British Empire."

J. L. Beckwith Fears Effect of  
Many Seiners on Salmon  
Future

the reinitiation of permits to Indians was satisfactory, and replied, "At present, yes, but how long will it last?"

**Give and Take.**  
"Commissioner Martell suggested the wisdom of a more 'get together' spirit between the Indian and Fisheries Department."

When Mr. Ditchburn replied that experience had shown little ability to do so, while Indians must live, Mr. Martell retorted, "The Indian Department does not want to accord, there is a spirit of antagonism between the two; I know, I have been at the centre of affairs and have seen it."

Mr. Martell declared that he could see no reason for special preferences being granted the Indians, as being an inducement to laziness and in opposition to the general rule of "equal rights to every man."

Mr. Ditchburn challenged this, stating "It is the view of the Commission there is very little use in my proceeding any further with this statement of Indian Departmental views."

Mr. Duff reassured the witness, "Mr. Martell is not expressing the views of the Commission as a whole, the aborigines certainly have an unalienable right to live, and to take their accustomed food in their usual manner, in my opinion," he said.

Declaring the Indians have real grievances, Mr. Ditchburn referred to certain fishing rights attached to Indian Reserves, which had been found of no value because the Fisheries Department had overriden these grants and issued exclusive licenses to settlers. "How do you show us that Indians have fishing rights attached to these reserves?" asked the chairman, and Mr. Ditchburn argued "they were always understood as attached to the reserves. The right to take fish was never disputed as an Indian privilege until just lately."

H. H. Cowie, of the Dominion Fisheries Department urged that continuance of permits to fish the Fraser would be assured under present conditions.

(Concluded on page 18.)

**sore muscles**

Whether they come from bruises or overwork, sore muscles will quickly yield to the soothing effect of Absorbine, Jr.

Rub briskly into the muscles a few drops of Absorbine, Jr., and the inflammation which caused the pain will quickly disappear—and with it the pain.

Keep a bottle on hand and be prepared for emergencies.

\$1.25 a bottle at most druggists.

SPORTS AT DUNCAN  
GREAT SUCCESSLabor Day Events Attracted  
Crowd; Dance Held

(Times Correspondence.)  
Duncan—The Cowichan Soldiers' Annual Reunion, held on Labor Day, was the outstanding feature of the holiday. The Cowichan Sports Club grounds, Duncan, and a throng of over 600 soldiers with their families and friends. The 16th Canadian Scottish Regiment Band of Victoria provided music. Bandmaster Miller has attended the Duncan reunion for the past three years.

The sports officials were: Judges, W. M. Rwyer and W. Stacey; an announcer, V. F. Le Queene; starter, Major W. R. Russell; tapemen, J. Armour and G. Kennett; timekeeper, S. W. Beckwith; clerk of the course, Leo Helen; children's races, Miss N. C. Denny, Miss Georgehan, Mr. Somerville and Mr. Wright.

For the boxing the judges were: J. G. Gibbons (welterweight amateur champion of Queensland, 1907), and I. C. S. Henderson.

K. F. Duncan, M. P. P., was timekeeper, and W. J. S. Hatter, announcer. W. H. Batstone and W. Best were referees. Mr. Batstone had coached several of the boys who took part in some of the events, and had general charge of the arrangements, which were admirably carried out.

W. J. S. Hatter, president of the Cowichan G. W. V. A., and W. H. Truegale, the honorary secretary, are to be congratulated on the smooth way all events were pulled off, and on the financial result of their endeavors.

The results in the boxing competitions were as follows:  
Boys up to 85 lbs.—1, prize cup presented by Capt. J. D. Groves, won by Philip Dwyer, 2, prize silver medal, won by Arthur Jones.

Boys up to 105 lbs.—1, cup, W. Best, 2, silver medal, Brookbank.  
Boys up to 115 lbs.—1, cup presented by J. Whittaker, won by G. Bradshaw, 2, silver medal, won by H. Mellin.

Boys up to 135 lbs.—G. W. V. A. challenge cup, won by Lindsay Brookbank, also gold medal, 2, silver medal, won by Ernest Brookbank. Competition confined to Cowichan boys under 18 years of age.

Sports results as follows:  
100 yds. men (open)—1, V. Tarleton, 2, A. Dirom.  
Sack race, men—1, Arthur Jones, 2, Christopher.

Sack race, ladies—1, Miss M. Moon, 2, Miss A. Robertson.  
Egg and spoon race, ladies—1, Miss A. Robertson, 2, Mrs. D. Hall.

Threading the needle—1, Mrs. Beckwith, 2, Mrs. J. Savage.  
100 yds. G. W. V. A. members only—1, A. Dirom, 2, P. Forrest.

Back to back race, ladies and men—1, Mrs. Beckwith and A. Dirom, 2, Miss A. Robertson and J. Savage.  
Wheelbarrow race, lady wheelers—1, Miss A. Robertson and S. Asquith, 2, Miss M. Moon and A. Mantel.

Half mile (open)—1, W. Parker, 2, A. Dirom.  
Ladies' race, 75 yds.—1, Miss P. Mowbray, 2, Miss A. Kier.

Wheeled race, open to returned men—1, P. Forrest, 2, A. Tull.  
Boy Scouts' relay race, teams of six—1, Phillips, H. Lefever, C. Lefever, C. Bradshaw.

Girl Guides' relay race, 75 yds.—1, Iris Stock, 2, Patricia Mowbray.  
Old men's race, over 50 years—1, E. W. Carr-Hilton, 2, W. Louis.

Tug-of-war, open to all returned men of Cowichan District, eight men to a team, won by Sahlman team—H. Savage, J. B. Aeland, E. M. McNaught, Snythe, Copeman, Eastwood, G. Robinson and R. Horsfall.  
High jump (open)—1, Smith, jump 5 ft. 4 in.; 2, H. Phillips, 5 ft. 3 in.

Children's Events:  
Results in children's sports as follows:  
Wolf Cubs in uniform, 75 yards—1, Jack Strouger, 2, Tom Spencer.  
Brownies in uniform, 75 yards—1, Mabel Lansdale, 2, Doris Spencer.

Boys 12 to 14 years—75 yards—1, G. Denny, 2, J. Strouger.  
Girls 12 to 14 years, 75 yards—1, N. Neel, 2, J. Gorton.

Boys 9 to 12 years, 50 yards—1, D. Pitt, 2, J. Talbot.  
Girls 9 to 12 years, 50 yards—1, D. Kier, 2, D. Knight.  
Boys 7 to 9 years, 50 yards—1, Stowe Lundy, 2, S. Smith.  
Girls 7 to 9 years, 50 yards—1, D. Haddon, 2, D. Spencer.  
Boys 5 to 7 years, 50 yards—1, C. Strouger, 2, Tony Lundy.  
Three-legged race, boys under 14—1, Monica Mann, 2, Olive Gorton.  
Tiny tots, up to 5 years, 25 yards—1, Eric Pitt, 2, Mary Savage.  
Three-legged race, girls under 14—1, J. Gorton and A. Niechi, 2, M. Bailey and C. Loman.

**Baseball.**  
In conjunction with the Cowichan Soldiers' Reunion on Labor Day, a baseball match was played in the morning between Fernwood Pharmacy, Victoria, and the Duncan nine. The home team won 7-2. This was the first time for three years that the Fernwood Pharmacy team had been beaten.

**Dance.**  
The dance held on Monday evening after the Cowichan Soldiers' Reunion Labor Day sports, proved very enjoyable, about 200 being present. Many parties from Cowichan Lake, Westholme, Shawanigan Lake, etc., attended. Henderson's five-piece orchestra supplied the music, and a delicious supper was provided by the W. A. to the Cowichan G. W. V. A.

**Personals.**  
Miss Gladys McMillan has gone from Duncan to Victoria, where she will take a course at the Spottis Shaw Business College.  
Miss Barbara Chaplin has received an appointment in the district engineer's office, Duncan. She will succeed Miss Rachel Wilson, who will leave shortly.

NORTH SAANICH  
WOMEN DISCUSS  
BUILDING OF HALL

(Times Correspondence.)  
Siding—A meeting of the North Saanich Women's Institute, held Tuesday afternoon in Wesley Hall, Mrs. Veitch, the president, was in the chair. The minutes of last month's meeting were read by Mrs. Speedie, secretary, and adopted. The report of the treasurer, Mrs. Philip, was then read and adopted. It was decided to hold a special speaker to come out from Victoria and explain the provincial organization on September 14, the meeting to be held at Mrs. Simister's Beach House. Mrs. Speedie suggested that the Women's Institute build a hall.

A hearty vote of thanks was given Mrs. Deacon for all the trouble she had taken over getting up the flower show. Other business was discussed and the meeting adjourned.

The Junior branch of St. Andrew's W. A. has arranged a sale of work to take place at Wesley Hall on Saturday, September 9, from 3 to 5 p.m. Tea will be served. There will be stalls of fancy work, home cooking and candy and an apron stall with aprons to fit every size of person.

**Will Discuss PUBLIC HEALTH.**  
(Times Correspondence.)  
Luxton—A public meeting will be held in the Luxton Hall on Monday evening, September 11, for discussion of the question of Public Health Nurse for the schools and district.

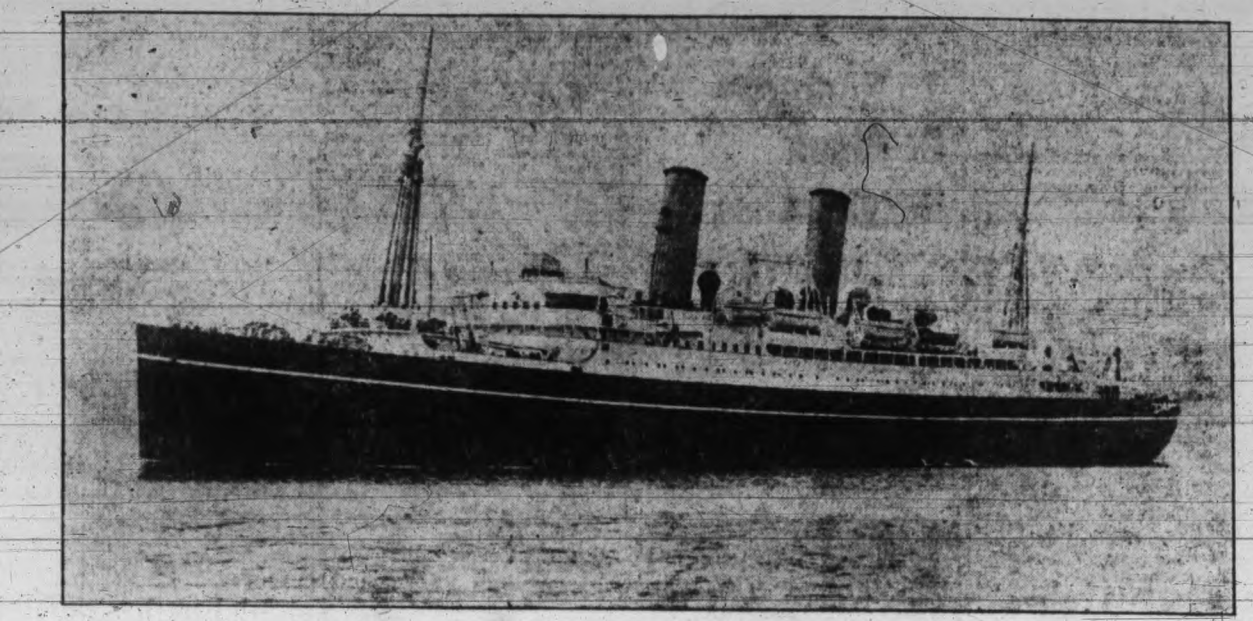

**CHARTERED FOR LUMBER.**  
The British steamer Welsh City, under charter to Dant & Russell, has arrived on the Columbia River to load lumber at Portlano, the Orient. She will take out one of the largest cargoes of lumber to be exported from the Columbia River in many months.

**GOOD BUSINESS.**  
"Jackson has made a fortune in the motor-car business."  
"I didn't know he manufactured that class of vehicles."  
"He doesn't; he repairs them."

She—"But why look so blue? Papa says he will buy all my clothes after we are married."  
He—"I was wondering what we should have to eat."

## Third of Canadian Pacific Newest Monoclass Ships

S. S. MONTCLARE

PROSPECTOR IS IN  
LINE FOR DRYDOCK

Will Come Here for Overhaul  
On Completion of Her  
Oriental Voyage

The Canadian Prospector will be the next vessel of the Canadian Government Merchant Marine to enter drydock at Esquimalt for overhaul. At present the Canadian Prospector is in Oriental waters, having proceeded from Shanghai to Tsingtau and being, presumably, to load freight for a Pacific Coast port. Under her schedule the Government freighter is expected to arrive here early next month. The ship will be drydocked at Esquimalt and the work on the vessel, it is reported, will be handled by the Victoria Machinery Depot.

On her next outward voyage to the Far East the Canadian Prospector is posted to sail October 25, her port of destination being Yokohama, Kobe and Shanghai.

**Coal On Britisher.**  
The freighter Canadian Britisher, in the Australian service, is carrying a cargo of coal from Newcastle to Port Allen, Hawaiian Islands, and should soon be reported there. The Britisher is due to arrive back here by the end of September.

The Canadian Skirmisher has completed the discharge of her outward cargo at Adelaide and will be at Newcastle, N.S.W., about September 15.

**Ships Due Out.**  
The freighter Canadian Inventor is due to put out to sea to-day with 3,700,000 feet of lumber for the Orient. The Canadian Inventor is now carrying a cargo of lumber for Australian ports.

**TOYOOKA MARU DUE.**  
The N.Y.K. Steamer Toyooka Maru is expected from the Orient bound for Vancouver. The ship carries a large shipment of raw silk.

EL LOBO COMING  
FOR DRYDOCKING

The tanker El Lobo will be here from Vancouver on Friday morning to enter drydock at Esquimalt for overhaul. The ship is owned by the El Lobo Line, Ltd., and is being repaired by the Victoria Machinery Depot.

MAQUINNA NOW  
REPAIRING HERE

Victoria Machinery Depot Repairing Fourteen Damaged Plates

More extensive damage than was at first anticipated was caused to the Canadian Pacific coastwise steamer Maquinna when she came in contact with a reef at the entrance to Esplanade Inlet on her last south-bound trip from Port Alice, in the West Coast of Vancouver Island service.

A survey of the steamer, after she had been hauled out here, disclosed that a number of plates were damaged amidships. Fourteen plates will have to be replaced or renewed.

The Princess Maquinna is now resting on the marine ways at the plant of the Victoria Machinery Depot, which firm secured the contract to complete repairs to the vessel. The ship-repair firm expects to have the vessel back in commission within ten days.

**Repairs to S.S. Gray.**  
Yarrow, Ltd., are making good progress on the repairs to the whaling tender Gray. Twenty-seven bottom plates are being renewed and the vessel will be turned back to her owners. It is expected, by September 15.

**VESSEL MOVEMENTS.**  
Victoria, B.C., Sept. 6.—Arrived: Prince Rupert, from Prince Rupert. Sailed: Prince Rupert, for Seattle.

Bellingham, Sept. 5.—Arrived: Northland, from Seattle. Sailed: Northland, for Seattle. Sailed: Makana, for Seattle. Sailed: Makana, for Seattle.

San Francisco, Sept. 5.—Arrived: Lyman Stewart, from Seattle. Sailed: Lyman Stewart, for Seattle. Sailed: Col. E. L. Drake, for Portland. Sailed: Matsonia, for Honolulu. Sailed: Korea Maru, for Hongkong.

Portland, Sept. 5.—Arrived: Mexican, from New York and way. Sailed: Mexican, for Seattle. Sailed: Blue Triangle, for Boston. Sailed: Julia, for Seattle. Sailed: Tofuku Maru, for Muroran. Sailed: Torrey, New Orleans and way. Sailed: Rose City, San Francisco. Sailed: Admiral Goodrich, San Francisco via Coos Bay, from St. Helena, Butte, Montreal.

Tacoma, Sept. 5.—Sailed: Admiral Schley, San Francisco. Sailed: Arizona Maru, Yokohama.

Seattle, Sept. 5.—Arrived: Benjamin F. Packard, Nipponkai; Depere, Northwestern, Alaska. Sailed: Guy C. Goss, Nahmek; Tiverton, San Francisco; Marlene, Iniquity; Coolcha, Alaska; Northland, Bellingham; Arizona Maru, Tacoma. Sailed: H. P. J. exander, San Pedro.

Petersburg, Sept. 5.—Sailed: Admiral Evans, northbound. Sailed: Ketchikan, Sept. 5.—Sailed: Northwood, southbound; Admiral Rodman, southbound; Redondo, northbound; Princess Alice, northbound. Manchuria at New York from Hamburg.

Adania at London from Montreal.

W. H. SNELL ON COAST  
TO ASSUME NEW OFFICE

W. H. Snell, who has been appointed to succeed H. W. Brodie as Vancouver agent for the Canadian Pacific Railway, reached Vancouver on Sunday from Montreal. Mr. Snell will take charge of his new duties on Mr. Brodie's departure for his new post at Montreal.

Mr. Brodie has been promoted to the office of assistant passenger traffic manager with headquarters at Montreal.

BENEFACITOR TO  
VISIT VICTORIA

Harrison Ship With Choice  
Case Goods Expected in  
Port Thursday

A real Benefactor will reach Victoria to-morrow from across the Atlantic. The arrival will be the freighter Benefactor, of the Harrison Direct Line, carrying a goodly consignment of the choicest brands from North of the Tweed, and other ventures for which there is a less strenuous demand.

The Harrison ship has 378 tons of freight for discharge at this port, consisting chiefly of case goods, there being over 7,000 cases in the local shipment.

Vancouver also figures largely as an importer of the marketable wares that are being delivered on this coast from the United Kingdom by the Benefactor.

The Benefactor is running slightly ahead of her schedule as she was not expected here from San Francisco until Saturday. Agents of the company to-day received word that the ship was expected to berth here to-morrow.

Another Harrison ship expected out here this month is the Craftsman, which is due from Glasgow and Liverpool by the end of the month.

**MANILA MARU IN  
WIRELESS TOUCH**

O.S.K. Ship Reports She Will  
Arrive Here Friday Morning

The Manila Maru, of the Osaka Shosen Kaisha, reported from sea-ward to-day that she would make port Friday forenoon. Among the cabin passengers crossing the Pacific from Yokohama by the Manila Maru are A. P. Chapman, Jr., general passenger agent, Chicago, Milwaukee & St. Paul Railway, of Seattle, and George E. Stolp, Oriental freight agent of the company, with headquarters at Chicago. They are returning from a tour which was taken last week to the Orient.

The Princess Maquinna is now resting on the marine ways at the plant of the Victoria Machinery Depot, which firm secured the contract to complete repairs to the vessel. The ship-repair firm expects to have the vessel back in commission within ten days.

**Atlantic Fleet.**  
The Montclare, Montclair and the Montrose are the three new liners of the Pacific Mail Steamship Company, which now consists of the Empress of France, 18,500 tons; Empress of Britain, 18,500 tons; Empress of India, 17,100 tons; Minnedosa, 14,000 tons; Melitta, 14,000 tons; Metagama, 12,600 tons; Victoria, 11,000 tons; Tugan, 10,600 tons; Pretoria, 7,000 tons; Scandinavia, 12,000 tons; Corsican, 11,000 tons; Sicilian, 7,350 tons; Montreal, 9,500 tons. There is also the Canadian Pacific fleet of cargo steamers, built of steel, including the Batsford, Bellingbrooke, Bosworth, Boswell, Dunbridge, Holbrook, Mattawa, Methven, Montezuma and Montisfont, maintaining regular service between the various ports of Europe and Canada.

**Ship's Commander.**  
Capt. R. G. Latta, is commander of the Montclare. He began his career in 1896 on the sea when he sailed on the Arden Craig from South Shields to San Francisco, a voyage taking six months between ports. After travelling all over the world he joined the firm James G. Gardner & Co. of Glasgow, and sailed the seven seas on their ships. In 1905 he joined the Canadian Pacific service and served aboard the Montezuma, the old S.S. Montreal, the Mount Royal, Lake Erie, the old Montrose, the Missanabie, Milwaukee and Metagama. His first command was the S.S. Monmouth, which sailed from Liverpool to Archangel, and Capt. Latta has the record for carrying the C. P. flag farthest North and farthest South of any of the company's ships. Later he was on the Scotian, Grampian, Sicilian, Scandinavia, and after shore duty at Antwerp took command of the Minnedosa. Recently he has been in charge of the C. P. R. service between Southampton and Hamburg, which is carried on by the Empress of France and the Empress of Scotland.

**SUNRISE AND SUNSET.**  
Time of sunrise and sunset (Pacific standard time) at Victoria, B. C., for the month of September, 1922:

MONTCLARE IS ADDED  
TO MONOCLASS FLEET

Newest Addition to Monoclass  
Ships of C.P.S.S. on Maiden  
Homeward Voyage

The Montclare, third of the new monoclass cabin passenger steamships of the Canadian Pacific Steamships, Ltd., to be placed in the trans-Pacific service, is now on her maiden homeward voyage.

She sailed from Montreal September 1, with a large list of passengers for Liverpool.

The Montclare was launched at the yards of John Brown & Co., Clydebank, Scotland, the christening ceremony having been performed by Lady Brown, wife of Sir George McLaren Brown, European general manager of the Canadian Pacific, last December.

She was built to the requirements of the highest class of Lloyd's register under special survey, is classed "100-A1," and represents in every way the very best of the one-cabin type in beauty and symmetry of design, and in security, speed, steadiness and perfect comfort. Accommodation is provided for 554 cabin passengers and 1,252 third class passengers.

The Montclare and her new sister ships, the Montclair and Montrose are of the one-cabin class, made popular by the present "M.A." the Minnedosa, Melitta and Metagama. These three new liners use oil as fuel.

**Atlantic Fleet.**  
The Montclare, Montclair and the Montrose are the three new liners of the Pacific Mail Steamship Company, which now consists of the Empress of France, 18,500 tons; Empress of Britain, 18,500 tons; Empress of India, 17,100 tons; Minnedosa, 14,000 tons; Melitta, 14,000 tons; Metagama, 12,600 tons; Victoria, 11,000 tons; Tugan, 10,600 tons; Pretoria, 7,000 tons; Scandinavia, 12,000 tons; Corsican, 11,000 tons; Sicilian, 7,350 tons; Montreal, 9,500 tons. There is also the Canadian Pacific fleet of cargo steamers, built of steel, including the Batsford, Bellingbrooke, Bosworth, Boswell, Dunbridge, Holbrook, Mattawa, Methven, Montezuma and Montisfont, maintaining regular service between the various ports of Europe and Canada.

**Ship's Commander.**  
Capt. R. G. Latta, is commander of the Montclare. He began his career in 1896 on the sea when he sailed on the Arden Craig from South Shields to San Francisco, a voyage taking six months between ports. After travelling all over the world he joined the firm James G. Gardner & Co. of Glasgow, and sailed the seven seas on their ships. In 1905 he joined the Canadian Pacific service and served aboard the Montezuma, the old S.S. Montreal, the Mount Royal, Lake Erie, the old Montrose, the Missanabie, Milwaukee and Metagama. His first command was the S.S. Monmouth, which sailed from Liverpool to Archangel, and Capt. Latta has the record for carrying the C. P. flag farthest North and farthest South of any of the company's ships. Later he was on the Scotian, Grampian, Sicilian, Scandinavia, and after shore duty at Antwerp took command of the Minnedosa. RUMOR OF WITHDRAWAL  
OF ADMIRAL LINER  
FROM PACIFIC DENIED

Further Announcement Expected from A. F. Haines Regarding Gossip

Seattle, Sept. 6.—Rumors said to come from California that the Pacific Steamship Company is going to withdraw one liner from trans-Pacific service, was denied at the office of the company here. It was asserted that H. F. Alexander, president of the company, declared before leaving for California last week that there was no truth in the report and that he promised that on the return of A. F. Haines, head of the foreign service of the company, the matter would be effectually quieted. Mr. Haines is expected here to-day.

It is expected arrangements will be made for sailings of the Admiral Line to be on alternate Sundays with those of the Pacific Mail Steamship Company from San Francisco.

**New Japanese Line.**  
With the Walker-Ross Company, Inc., as Northwest agent, the Tatsama Kisen Kaisha is to inaugurate regular service to the Orient from Port of Seattle. The first ship of the line, the Somedomo Maru, in initiative of the service, would arrive here by the Oriental cargo by September 25. She is to be followed October 10 by the Ayawa Maru and October 25 by the Fushiki Maru. An undesignated vessel is due November 15.

**From Bristol Bay.**  
In tow of the tug Sea Monarch, the Northwestern Fisheries Company's barque Guy C. Ross, first unit of its fleet to arrive from Bristol Bay, came into port yesterday. Captain D. Ditcher, master of the Goss, reported that other units of the company's fleet are due in at Cape Flattery this week. The Goss brought 45,000 cases of canned salmon and 200 cannery hands.

**Spruce for East.**  
Five hundred thousand feet of Alaska spruce, the first appreciable quantity to reach this port, has come in on the tug Wigan, which was towed by the tug Wigan. The timber was loaded at Ketchikan for the Northwest Trading Company, of Seattle, which is forwarding it to New York. G. A. Pande, Northwest manager for the company, announced that other shipments would follow.

**INTERCOASTAL SERVICE OF PACIFIC MAIL LINE.**  
San Francisco, Sept. 4.—Sailing schedules for the intercoastal vessels were issued yesterday by the Pacific Mail Steamship Company. The company will have seven vessels in the trade, making four freighters, recently chartered from W. R. Grace & Co. The steamers Ecuador, Colombia and Venezuela will carry passengers and four others will be in the freight trade. The westbound sailings are:

International Football—An international game of football played between a team of the Maple Leaf Post of the American Legion and a team made up of local veterans will be played at the Royal Athletic Park on Saturday afternoon commencing at 2 o'clock. This will form part of the programme of entertainment for the visitors from across the border, and a great deal of interest has been evinced in the game, the gate receipts from which will go toward the "Bully Mule" and "Keeping Faith" funds.

### NEWS IN BRIEF

**Sergeants' Mess.**—A meeting of the Sergeants' Mess of the 16th Canadian Scottish Battalion will be held tomorrow at 8 o'clock.

**Women's Conservative Club.**—The Women's Conservative Social and Educational Club will open the new term on Friday at 8 o'clock in the club rooms, Campbell Building, with a social evening.

**Native Sons of Canada.**—A meeting of the Victoria branch Native Sons of Canada will be held Friday evening in No. 2 K. of P. Hall, North Park Street, commencing at 8 o'clock. All members are urged to attend.

**Regular Meeting.**—The regular bi-monthly business meeting of the Amputations' Association of the Great War will be held in the club rooms in the Belmont Building on Thursday evening at 8 o'clock.

**Ward Four Liberals.**—Ward Four Liberals met in the Liberal Club last evening, and after a brief session the meeting was adjourned until 8 o'clock next Tuesday evening, when a full attendance of members is requested.

**Fire Chief's Report.**—A report of the doings at the recent Fire Chiefs' Convention at San Francisco, was received by the City Council from Fire Chief Stewart, and last night ordered to be made a part of the records.

**Offers Council Advice.**—Tax sales are unjust, no matter how legal they may be, Charles Provis informed the City Council in a letter read at last night's meeting. The writer at some length advised the Council as to how laws should be made. The communication was received and filed.

**Deferred Cable Service Restored.**—Manager Blashfield, of the Great Northwestern Telegraph Office, advises that Trans-Atlantic cable conditions are again normal and that messages at the deferred or half rate are now being accepted as formerly.

**Vancouver Island Radio Club.**—The regular monthly meeting of the Vancouver Island Radio Club will be held in the club to-morrow evening commencing promptly at 8 o'clock. Members owning apparatus to place in the Fall Fair are particularly requested to attend.

**Waco Football Ground.**—The Hudson's Bay Employees' Association has filed an application with the city for the use of one of the buildings at the Willows and the use of the area under the race track to be used for football. The application has been referred to the B. C. Agricultural Association.

**Pleased With City.**—Frank Wickizer, editorial writer for the News-Times, of St. Joseph, Missouri, accompanied by Mrs. Wickizer, is visiting Victoria and is delighted with the local attractions. He expressed a great deal of interest in connection with the working of the B. C. Liquor Board and gathered considerable data regarding it.

**Rockland W. C. T. U.**—The regular monthly meeting of Rockland Park W. C. T. U. took place yesterday afternoon at the home of Mrs. Chester Edwards, Fernwood Road, with Mrs. John Hall, president, in the chair. Mrs. O. Welsh sang a solo very delightfully and refreshments were served by the hostess.

**Good Templars Convention.**—Nanaimo members of the I. O. G. T. are preparing a welcome for the delegates to the British Columbia Grand Lodge gathering, which will be held there on September 23. President Buchanan, of the B. C. Prohibition Association, will address the gathering.

**Protests Taxation.**—A letter was read at the City Council meeting last night from the Capital Theatre management protesting the imposition of any further amusement tax. It was pointed out that theatres to-day are having quite a struggle to make ends meet. As the matter of taxation is now under review the letter was received and filed.

**For Private Hospital.**—Dr. Ernest A. Hall applied to the City Council last night for tax exemption on the property, which he proposes to use in connection with his new private hospital. It was pointed out that under the Municipal Act exemption should be granted. The matter was referred to the City Solicitor for report.

**Land Sales Active.**—At last evening's meeting of the City Council Mayor Marchant commented on the satisfactory sales of the City-reverted lots. "The public does not realize to what extent sales of these properties are being carried out, and it is encouraging to note that the lots are being purchased for the most part for home building and not for speculation," the Council was told.

**Want Coal Bunkers.**—To discuss the question of establishing coal bunkers at the outer docks and other facilities in the interests of greater shipping, the committee of the Chamber of Commerce having this matter in hand will hold a meeting to-morrow afternoon at 8 o'clock in the offices of the Victoria and Island Publicity Bureau.

**Equipments Re-Survey Hearing.**—An adjutant and arbitrator of complaints accruing through the re-survey of a considerable portion of Equipments township, Carew Martin this morning opened hearings at the County Court, most of the time prior to luncheon adjournment being occupied with the reading of authority for the re-survey, the authorization of the present hearings and formal presentation of evidence proving compliance with statutory publicity.

**OUTDOOR FUNCTIONS**  
Sept. 9—Christ Church S.S. picnic at Mount Douglas Park.  
Sept. 9 and 10—American Legion excursion to Victoria.

## TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, September 6, 1927.

Some eminent men of Europe and Canada are gathered in Victoria, each boat arriving from Vancouver since Friday having brought a few of them. The party consists of educators and scientists from all parts of Europe and Canada. Among the visiting men were Sir John Evans, K. C. B.; the Right Hon. Lord Kelvin, the world renowned physicist, and many other notable personages were included in the long list of names which total approximately sixty.

Halifax, Aug. 27.—The Bering sea claims commission resumed its session in the legislative council chamber at 11 o'clock yesterday morning. A large number of spectators was present during the argument. One Canadian and three British Columbia records came tumbling down at the race meet held at the Oak Bay track on Saturday under the auspices of the Victoria Wheelman's Club.

**Brentwood Hotel to Close.**—Mr. Felix Marzari, announces to his many patrons that after Tuesday, September 5, the Brentwood Hotel will be closed for the season. Mr. Marzari is leaving for his hotel at Qualicum Beach.

**I. O. G. T. Cooking Sale.**—The ladies of the Victoria Lodge, I. O. G. T., will hold a sale of delicious home cooking, as follows: Miss Mustard, one year's subscription to Everywoman's Magazine; Lady McBride, crabapples; Pollock Brothers, flowers; J. Jeffcott, plants; Mrs. Bennett, beans; Mrs. Clay, magazines; Mrs. Grant, flowers; Mrs. Garnham, vegetable marrow; Mr. McGregor, North Park Street, free repair work.

**Unique Club.**—The Unique Club will hold a progressive five hundred drive to-night at 8 o'clock at the home of Mrs. Leblanc, 500 Fort Street.

**Aged Women's Home.**—Mrs. W. L. Clay presided at the monthly meeting of the Aged Women's Home on Monday. Satisfactory reports were presented of the inmates health and of the affairs of the Home. Donations were gratefully acknowledged as follows: Miss Mustard, one year's subscription to Everywoman's Magazine; Lady McBride, crabapples; Pollock Brothers, flowers; J. Jeffcott, plants; Mrs. Bennett, beans; Mrs. Clay, magazines; Mrs. Grant, flowers; Mrs. Garnham, vegetable marrow; Mr. McGregor, North Park Street, free repair work.

**GOOD TEMPLARS PRAISE OAK BAY POLICY ON RACING**  
The position taken by the Oak Bay Municipal council in passing an anti-race by-law, and supporting its action in the courts successfully has been the subject of a congratulatory resolution by the Victoria Lodge, No. 16, I. O. G. T. Chief Templar Rev. C. M. Tate, in forwarding the message, says: "It was instructed to convey to you the lodge's commendation for the stand you have taken with regard to the immoral practice of race track gambling, and further to assure you that any action you may take for the welfare of your constituents will meet with the approval and support of all the members of the above named lodge."

**ARRANGE FOR DISPLAY.**  
The Gardeners' Mutual Improvement Association made arrangements at its meeting last evening for a representative display at the horticultural building in connection with the Fall Fair at the Willows. Last year the exhibit made by the members was excellent, and proved the keen interest of the exhibitors in the show. This year in spite of the drought the display promises to be a good one. A committee was chosen to carry out the plan.

Entries for the horticultural department at the show will close to-morrow to the Secretary of the B. C. Agricultural Association.

## PREMIER REACHES NO DECISION ON P.G.E. QUESTION

Finds Line Itself in Good Shape; Old Squamish Wharf Collapses

No decisions regarding the future of the Pacific Great Eastern Railway were reached by Premier Oliver and Hon. Dr. Sutherland on their recent tour of the line, the Premier declared on his return to his office here to-day.

"The whole P. G. E. situation, in the light of the recent reports of experts on the subject, has yet to be considered," the Premier stated. "Meanwhile, we found that the line physically is in good shape. There has been a little trouble near Quesnel with sliding ground, however. The ground there is continually sliding. The road bed, though, is generally good. Rains two or three days ago caused a further collapse of the old Squamish wharf, which has not been used for some time. About sixty or seventy feet of the wharf collapsed this time."

"My trip was taken so that I could look over the line and see what shape it was in and also that I might explain to Dr. Sutherland, the Public Works Minister, a number of things which might not be apparent to him if he were alone."

## PLAN FOR SETTLING B.C. E. R. DISPUTES BEING CONSIDERED

Premier to Confer With Manson on Possible Legislation

The advisability of creating machinery which would settle disputes between British Columbia municipalities and the B. C. Electric Railway Company is under consideration by Premier Oliver at present. On his return to Victoria from the Mainland this morning the Premier stated that he would confer on this matter with Attorney-General Manson in the near future with a view to bringing proposals before the Legislature, at its next session, if it were decided to take any action in this direction.

As the British Columbia Electric Railway Company is under provincial jurisdiction it may be necessary to pass such legislation as will facilitate the settlement of disputes between the company and municipalities in which it is interested," the Premier stated.

Re-creation of a Public Utilities Commission to govern the relations between municipalities and the B. C. Electric Railway Company has been discussed by municipal leaders for some time. What plan for the settlement of electric railway and power disputes the Premier has in mind, however, has not been made known. The whole subject, it is expected, will be discussed very fully by the Legislature.

## TO MAKE BRIEF VISIT TO CITY

Luncheon for General Manager of Canadian Manufacturers' Association

J. E. Walsh, general manager of the Canadian Manufacturers' Association, will be entertained at a luncheon to be held by the local branch of the C. M. A. on September 15 at Spencer's tearooms.

The gathering will begin at 12:30 o'clock on the evening previous. Mr. Walsh will be the guest at a dinner tendered by the Vancouver branch, and immediately afterwards he will catch the night steamer for Victoria, accompanied by Hugh Dalton, the secretary for B. C.

Mr. Walsh was last in the city about two years ago.

## WAS VISITOR HERE YESTERDAY

Sir Thomas Robinson Is Well Known British Fish Operator

A few hours on Monday and yesterday were spent in the city by Sir Thomas Robinson, K. B. E., of Grimsby, England, who rose from humble beginnings to a prominent place in the North Sea fish trade.

Sir Thomas recently returned from the North, having come to British Columbia to inspect various interests in the North Pacific.

Sir Thomas has been to Prince Rupert looking over the plant and work of the Canadian Fish & Cold Storage Company, of which he is a director.

Leaving school at 14, Sir Thomas spent the next fourteen years on the fishing banks, and at 28 years of age

Playhouse—Show No. 3.

### CAPITOL

One of the most remarkable pictures shown here is "The Loves of Pharaoh," which was shown with unusual accessories at the Capitol Theatre yesterday.

It is really the love of Pharaoh, but, unlike other kings, who for a kiss or love of a pretty woman have plunged their country into war, Pharaoh never gains a kiss, much less the love of Theon, played admirably by Miss Dagny Servaes, who, by the way, is a well known Vinnese actress.

Theon is a Greek slave girl, and is found fetching water from a

### Blue-jay

#### to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in extra-thin plaster. The action is the same.

### Pain Stops Instantly

stream by Ramphis, portrayed by Henry Liedtke, who falls in love with her and brings her from Ethiopia to Egypt, where she meets Sothis, architect to Pharaoh, and father of Ramphis. Emil Jennings, who is the Pharaoh, falls in love with her, and when the King of Ethiopia demands the return of the slave girl was declared and he makes the slave girl Queen. The Egyptians are losing the war when Ramphis rallies the Queen's forces and wins a splendid victory, and also is made the Queen consort. It is one of the most spectacular screen productions of the season, and compares favorably with "The Queen of Sheba."

## COLUMBIA

The world's two greatest writers of passionate, throbbing, super-romantic love stories met at the Lasky studio, Hollywood, when Elinor Glyn and Mrs. A. M. Williamson renewed an acquaintance started ten years ago at the latter's villa near Monte Carlo. Elinor Glyn, author of "Three Weeks," and "The Great Moment," was on hand to assist in the filming of her novel, "Beyond the Rocks," a Paramount picture starring Gloria Swanson and showing to-day at the Columbia Theatre. Mrs. Williamson is the "A. M." of the famous "C. N. and A. M. Williamson" who are joint authors of such successful romances as "The Lightning Conductor," "Lord Loveland Visits America," "Lord Loveland's Passes," and "Lady Betty Across the Water." Following the death of her husband some months ago, Mrs. Williamson came to America on a sight-seeing tour.

### THE PLAYHOUSE

To-night will see the opening performance of Playhouse Show Number Three and judging from the programme it is destined to be as successful an engagement as the two previous bills. The vaudeville in the first part is made up of four splendid turns, every one of which cannot fail to prove a delight to the audience. The Playhouse potted comic opera "The Girl From Tokio" is a most charming array of music, and in the hands of the capable cast which Mr. Hinks has chosen it is safe to say that the patrons of this popular theatre are in for a rare treat. Never before has Mr. Hinks produced an opera with prettier numbers than are embodied in "The Girl From Tokio," and, as it is one which very few people in Victoria have had the privilege of hearing, it should prove a big drawing card. Playhouse show number three guarantees an evening of mirth and melody second to none. Reserved seats are now on sale and are going rapidly. Intending patrons will be well advised to book early. The curtain will rise at 8.30 sharp.

### ROYAL VICTORIA

"Smilin' Through," Norma Talmadge's screen version of Allen Langdon Martin's famous stage play, will be the piece-de-resistance at the Royal-Victoria Theatre again to-day. According to all reports, this is the biggest screen achievement of Miss Talmadge. The production has been filmed on a lavish scale under the direction of Sidney Franklin.

A cast of unusual excellence appears in support of the star and includes—Wyndham Standing, Harrison Ford, Alec B. Francis, Glenn Hunter, Grace Griswold, Miriam Battista and Eugene Lockhart.

Miss Talmadge plays a dual role in a dramatic story of great heart interest. She is seen as the beautiful Moonyeen, who is killed by a rejected suitor on her wedding day, and as Kathleen, niece of Moonyeen, who falls in love with the son of the man who caused the death of her aunt.

The role, it is said, gives Norma a great opportunity to exercise her extraordinary talents as a wonderful emotional and dramatic actress.

The production is a First National attraction.

## VICTORIA BECOMES MAINLAND PORT WHEN FISH ARRIVES

Customs Fiction Amuses Fisheries Commission  
Canneries Were "Double Crossed" by Conservative Administration

Appearing before the Dominion Fisheries Commission at the City Hall yesterday afternoon, H. W. Daves, Surveyor of Customs, called by Mr. Neill to explain regulations covering provision of bait for halibut, fishers from the United States, said reciprocal regulations had been in effect until May 9 last whereby use of harbors was allowed and sale of fish was permitted when bait was purchased in Canadian waters.

Mr. Daves said, replying to a question that mainland ports were specifically favored by the regulations, as he understood, because of the triple need of transportation facilities, cold storage, and of bonding arrangements.

### Victoria Transported

"Can you tell us by what weird process of thought Victoria is transported to the mainland as a fish port?" asked Mr. Neill. Mr. Daves admitted this condition, stating it to be due to an Order-in-Council, to place Victoria on a parity with mainland ports. "Is this statement a fact, that Victoria is, from a fishing point of view, a mainland port?" asked the Chairman, and Mr. Daves replied: "Yes."

"What I want to know is, do American vessels, equipped with Canadian bait, land their catch at American ports?" said Mr. Duff, "personally I see no reason why they should not; I see no reason why such vessels should not secure bait from Wallace at Ucluelet, provided anyone else is also allowed to supply their needs," he said.

### Would Cut Restrictions

James B. Dawson, fishing last year at Rivers Inlet, stated he wanted net mesh-made smaller and longer hours permitted, admitting the fish to now be smaller, but the price being per fish, this was immaterial to the fishermen. Inspector Motherwell asked the witness if he knew the Rivers Inlet pack was getting smaller yearly and was told "that's all right, the fish are going up just the same, they get through the nets. There is lots of protection at Rivers Inlet."

### Fertilizer Material

S. T. Hankey, representing a new fertilizer concern seeking a steady supply of fish, desires provision in any legislation for trapping of dogfish offering to put up a substantial guarantee against taking salmon. "Manufacturers of these by-products should be encouraged," he suggested, stating his plant would employ at least 200 men when in operation, the company making a start as soon as assured of immunity.

Hankey of "the benediction of this whole Commission on your company if it exterminates the dogfish," while the Chairman asserted "whether you trap dogfish or get them in any other way you will have the fisherman's blessing," after comment had been made on the ravages dogfish cause among young salmon.

### Faithless Conservatives

Bernard Mess, of the B. C. Cannery Co. made an appeal for restriction of licenses, charging the late Federal Government with breach of faith with the canners, inasmuch as, after getting the canners to agree to a high license as a quid pro quo to restricted licenses under Hon. C. C. Ballantyne the high fees were collected and then licenses were issued indiscriminately. Mr. Mess favored continuance of issuance of licenses to Japanese, as being well suited to this business and aiding in economical operation of the plants. Should they be displaced the Japanese would have to invade other industries in order to live, Mr. Mess pointed out.

He opposed motorizing of salmon boats, as being too heavy a capital outlay for a few weeks' work. "I think the noise of the boats would be prejudicial to the fish," he said.

Mr. Mess said he had noted very little effect from the operation of fish hatcheries. "I am not able to see any effective results. I would not say that some fish will not return, but I have seen no results and do not see how anyone can. The results are not to be noticed, and I think blocking these streams does more harm than good."

"It seems to me to be absurd to allow no fish to be taken, and why Spring fishing should not be allowed," he said.

The regulation fining fishermen \$5 for "infractions of operating regulations, while confiscating the boat and net owned by the cannery, was described by Mr. Mess as "preposterous."

John Roberts said he had been crushed out of the fisheries by Asiatics, and he wished to rebut evidence given to the effect that the canneries depended on Japanese production.

"It's a disgrace to say that white men cannot compete with Japanese, but those Orientals, when they see a white man making a catch, practise cutting ahead and putting their nets down right in the front. Fish can't be caught under such tactics, by white men," he asserted.

Mr. Duff pointed out that the witness was talking of years ago, "what can you tell us to help things in these days?" he asked, whereupon Mr. Roberts protested against maintenance of the embargo against exportation, as being "designed to keep the poor man down where he belongs."

The Victoria hearing then closed, the Commission resuming at New Westminster on Thursday morning.

### TERM EXTENDED

London, Sept. 6.—The Colonial Office, says a Reuter dispatch from Sydney, has agreed to a year's extension of Sir Walter Davidson's term as Governor of New South Wales. All the parties in the state express satisfaction.

### BLIND CHILDREN

TAKEN TO ALEPPO

Aleppo, Syria, Sept. 6.—One hundred blind children from the American school for the blind in Harpoot have arrived here safely after a 600-mile "hike" across the Turkish interior, during which they passed through mountains infested with bandits and over long stretches of desert where camels carried water and provisions.

"The Drifters" is the next subject in the Wilderness Tales, by Robert C. Bruce. It was made along the Clackamas River in Oregon.

# H. G. Wells' Outline of History

The Greatest and Most Fascinating Story Ever Written  
of Human Progress

To Appear Daily in This Paper  
Beginning Monday, September 11

At an expenditure of ten minutes daily in time and no additional expenditure of money, you and your family may read this remarkable and thrilling history of mankind, written by the most distinguished living writer. When you have finished you will know more about history than the average college graduate. Read it aloud in your family circle. Only ten minutes a day. You will be genuinely entertained while absorbing an amount of information that would otherwise cost you a prohibitive length of time and sum of money.

This series is not a mere reprint of the Outline of History in book form, which sells in \$10.50 and \$5.00 editions. Mr. Wells has revised every chapter for newspaper readers, and added thousands of words of absolutely new material—three thousand words on Lincoln and the Civil War, two thousand, eight hundred on Russia, and one thousand additional words on President Harding and an Association of Nations, which will have first publication in this paper.

## ORDER YOUR NEWS AGENT TO DELIVER THIS PAPER

at your home daily, so as to avoid missing any instalments. Tell your friends that H. G. Wells' Famous Outline of History, which they cannot buy in book form for less than \$5.00, will appear in a new, specially revised series in this paper daily, beginning September 11.

## BROTHERHOOD PLANS HOME PRODUCTS FAIR

Beautification of District and Better School Grounds Will Be Sought

That a triangular strip of Government property now lying unused might well be beautified and made into a gateway to Victoria West along the line of the Point Elliot Bridge road was urged by the Victoria West Brotherhood at Semple's Hall last night. Charles F. Banfield, president, was in the chair, some fifty members being in attendance.

The property in question is a small strip that is bounded by the Esquimalt Road, Wilson Street and Alton Street, and would lend itself to beautification at small expense. The Brotherhood will work to secure a joint conference of Provincial and city officials on this question, believing, it was stated, that a very slight outlay would give a great result in the removal of an eyesore and the substitution of a suitable boulevard area.

**Victoria West School**  
Holding that the school grounds of the Victoria West school were a constant menace to the children in that it was hard clay covered with a layer

## Rupture Kills 8,000 Annually

Eight thousand persons each year are laid away—the burial certificate being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss, appliance or whatever name you choose to call it? At best, the truss is only a makeshift—a false prop against a collapsing wall—and cannot be expected to act as more than a mere mechanical support. The binding pressure retards blood circulation, thus robbing the weakened muscles of that which they need most—nourishment.

Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name and ten cents, coin or stamp, today to PLAPAO CO., 569 Stuart Bldg., St. Louis, Mo., for trial Plapao and instructive information.

of gravel, the association will urge that these grounds be improved. A committee was appointed to seek the endorsement of the Victoria West Parent-Teachers' Association and to take the matter up with the School Board. Though of ample space the grounds were useless for play purposes, it was pointed out. That this work should be included in the estimates for the next year if funds were not at hand for this year will be urged by the Brotherhood.

**Esquimalt Members**  
The meeting considered its constitution again last night effecting some changes that broaden the scope of the Brotherhood and enlarge the field of membership to include Esquimalt. Many Esquimalt members now belong to the association. Maintaining a rapid rate of increase, fifteen additional members were enrolled last night. The committee in charge of the last fête held recently at Semple's Hall reported that \$117 had been netted for the general fund.

A committee composed of Messrs. Walter Smith and Vasey was appointed to make arrangements with a view to the holding of a Victoria West Home Products Fair and Flower Show in the Summer of next year. The institution of such an exhibition would do much to encourage home production in the district, it was stated. Facts and figures to this end are to be obtained by the committee and reported to the main body shortly.

After the discussion of other matters peculiar to the internal organization of the body, the meeting came to an end after a three hours session.

## AMATEUR RADIO SUCCESS

Local Youth Establishes Touch With Many Stations in Continental Chain

What is believed to be a record in amateur radiotelegraphy in this city was created on Sunday afternoon when station "5DX" worked stations "1BK" and "1FG" Seattle, "THP" Vancouver, Wash., and "3E" Vancouver, as well as exchanging calls with "TIZ," "THM" and "TOJ." Continued communication was prevented by constant jamming of signals from a nearby amateur station, but the day was nevertheless a red letter one for the successful station. Station "5DX" is a half kilowatt rotary spark station owned by Herbert Burton, of 2740 Asquith Street, and the 15-year-old operator deserves credit for his success.

Throughout Canada and the United States there is an organization of long distance radio amateurs called the American Radio Relay League, which relays radio messages throughout the length and breadth of the continent. Herbert Burton is a member of the league and now that success has crowned his efforts, the young operator has won considerable favorable comment for his performance.

**A GENTLEMAN.**  
"He's a gentleman of the old school," that so  
"Yes; whenever he calls for you in his car he doesn't sit at the wheel and blink his horn, but gets out and comes to the door and rings the bell."

## TAX RELIEF IS PUZZLING COUNCIL

Decides Again to Approch the Government on Question

Only three taxpayers have applied so far for plan of taxation relief recommended by the special taxation committee of the City Council, spreading tax arrears over a period of fifteen years, it was pointed out at last night's meeting of the City Council.

Very little satisfaction was gained by the Council's delegation which waited upon the Provincial Government yesterday morning to ask for a guarantee that enabling legislation would be passed at the next session of the Legislature, to assist the Council in putting through its plan to assist delinquent taxpayers, a part of which plan necessitated the elimination of this year's tax sale. This was the point which Mayor Marchant asserted constituted a contravention of the Municipal Act.

Alderman Todd still insisted that some way out of the difficulty could be found in all sense of reason be found, and on his earnest representation of the case it was finally decided that the Government should again be approached in the matter.

That it should at least be possible to postpone the tax sale until after the Legislature meets was the sense of the Council, and it was felt that in this way the difficulty of legal necessity might be overcome.

Alderman Leeming again strongly emphasized the folly of the policy of classifying a taxpayer as a delinquent on a certain date and fifteen days thereafter forcing him into the position whereby he was penalized to the extent of losing his property at tax sale through inability to pay his taxes.

## MAKE PROGRESS ON TAXATION SCHEMES

Council Approves Income and Business Imposts

Plans for the broadening of the city's taxation system were discussed at length at last night's meeting of the City Council and the question was still under consideration when the meeting adjourned at 11 o'clock.

A number of the suggestions of the special committee on taxation, of which Alderman Todd is chairman, were adopted by the council, income and business taxes being the two principal sources from which the city expects to get additional revenue to carry on its business.

It is proposed that the city's delegates to the convention of B. C. Municipalities should seek to get the endorsement of that body for such a levy. Alderman Todd again outlined his views as expressed at the joint meeting of the Council's taxation committee and the Chamber of Commerce directors, details of which have been published, and he again insisted that there was an optimistic outlook in regard to overcoming the city's financing difficulties.

Alderman Todd had been converted to the income tax idea, and recalled that the latter had left the Council meeting on a previous occasion when Alderman Sarsons had broached the matter of such a tax proposal. Alderman Andros objected to such an additional tax levy.

Objection was taken by several of the aldermen to the clause in the proposed increased business tax which provided that "in case of any business the owner or principal owner of which is not a resident in Victoria the business tax levy shall be increased by at least fifty per cent."

Alderman Leeming claimed that to a certain extent people living outside the city and doing business in it were not bearing their full share of the city's responsibilities. Alderman Patrick and Hayward argued against the clause, which was finally amended to provide that the business tax should be based on rental value, along lines followed by other Canadian cities. The council will secure details of the business tax by-laws of these cities for guidance.

## NO ASSISTANCE WILL BE GIVEN SMITH CASE

No official assistance will be given by the G. A. U. V. to Mr. Smith, whose house was sold for taxes at the small sum of \$38.12 to A. E. Jones. A delegation had investigated the matter two months ago, and it was decided at last night's meeting of the G. A. U. V. that no assistance should be given. The meeting also discussed the holding of a tag day on the visit of the American Legion on September 5, by the G. V. V. A. Association, in co-operation of the G. A. U. V. will still be retained in the entertaining of the American Legion during their sojourn in this city. The meeting took up the matter of selecting a new and larger hall than the one already suggested, as it is thought that the G. A. U. V. quarters are not big enough. By a resolution put before the meeting last night, and which was carried and adopted, Comrade Crawford will attend the Dominion Convention of the G. A. U. V. at Niagara Falls on September 23 and 24 as a joint delegate of Victoria and Vancouver.

locals. The G. A. U. V. organization is flourishing, according to reports submitted to the meeting last night by the delegate to the Provincial convention at Burnaby.

## MAKE ARRANGEMENTS FOR MEMORIAL PARADE

Final arrangements for the memorial services to be held at Ross Bay next Sunday in joint memory of Canadians and Americans who died in the Great War were made at a joint meeting of delegates of the city's ex-servicemen organizations in the G. V. V. A. rooms last night. Seattle veterans will be in Victoria Sunday and will take part in the memorial ceremonies. The parade will start

from the Parliament Buildings at half-past one.

Arrangements also were made last night for putting a football team in the field to oppose a team of Seattle veterans. Comrade Neary was appointed to manage the Victoria team which will be selected by the Victoria

## BECHAM'S PILLS

and District Football Association, and will be known as the Veterans' Alliance eleven.

Comrade A. H. C. Jones presided at last night's meeting.

## RIGHTS OF INDIANS STRONGLY PRESENTED

(Continued from page 7.)  
policy, and Mr. Ditchburn then referred to Mr. Babcock's scheme, prohibiting all fishing in those waters, as a case requiring special consideration for Indians should it become effective.

Support Indians' Cause.  
As showing the lack of sympathy with Indians in the direction of the

Fisheries Department, Mr. Dutchburn stated that, when the Hudson's Bay Co., in 1851, took over from the Indians the lands of Southern Vancouver Island, the natives were guaranteed the right to fish and hunt in their accustomed manner. This obligation he asserted to be now vested in the Dominion Government, and declared the right to fish with nets in bays, rivers, and streams, as being years ago, and last year, "the poor Indian" had been prohibited from any sort of fishing in those waters.

Mr. Martell here interjected, "I know for a fact that the Fisheries Department has, times without number, tried to get an accord with the Indian Department, only to be met with preposterous claims of im-

memorial rights inherited by the Indians out of the past."

Rev. Fr. Scheelan, now of Saanich and recently of Cowichan district, urged the Indian fish weirs be not interfered with, as being essential to his food supply and too timely to be really obstructive of streams.
